Medical School Test Offered To Students

Candidates for admission to medical school in the fall of 1959 are advised to take the Medical College Admission Test in May; it was recently announced by the Educational Testing Service, which prepares and administers the test for the Association of American Medical Colleges. These tests, required of applicants by almost every medical college in the country, will be given twice during the current calendar year. Candidates taking the May test, however, will be able to furnish scores to institutions in early fall, when many Medical Colleges begin the selection of their next entering class.

Candidates in this area may take the test on Saturday, May 3, 1958, or on Tuesday, October 28, 1958. The Association of American Medical Colleges recommends that candidates for admission to classes starting in the fall of 1959 take the May Test.

The MCAT consists of tests of general scholastic ability, a test on the understanding of modern society, and an achievement test in science. According to EST, no special preparation other than a review of science subjects is necessary.

Copies of the Bulletin of Information (with application form bound in), which gives details of registration and administration, as well as sample questions, are available directly from Educational Testing Service, 20 Nassau Street, Princeton, New Jersey. Completed applications must reach the ETS office by April 19 and October 14, respectively, for the May 3 and October 28 tests.

Literary Magazine to Be Published Soon

After a comparative drought of original literary works of Guilford students over the past ten years, a literary magazine will be published, in mimeograph form during the first week in May.

Under the supervision of Dr. Chauncey Ives and the editorship of Bill Bloom, the creative writing class is presently reviewing all submitted works. All persons interested are urged to submit their poems, plays, essays, short stories or any forms of original literature to either Bill Bloom or Dr. Ives. There is no limit as to length, quantity or subject, but the works should be indicative of the high quality creativity of Guilford College students. It is requested that all articles be submitted in type-written form, double-spaced, by April 25, 1958.

The editor hopes that this will be a springboard to a regular quarterly issue of the original works of the students. He feels, as many others do, that the need for this type of publication is great. The staff not being complete yet, all applications for positions will be gratefully considered.

8 Sophomores Chosen For Marshals; Howard Hinshaw Will Serve As Chief

One of the highest honors that can be achieved at Guilford College is to be selected to serve as a marshal. Each spring eight members of the rising junior class are chosen by a faculty committee (headed by Dr. Eva Campbell, head of the biology department) to receive this honor.

Howard Hinshaw, a day-hop from Guilford College, has been named to serve as chief marshal of the rising junior class. He has an average of 2.81 and is a chemistry major.

Other sophomores receiving this honor are as follows: Wade Macey is a physics major from Mount Airy. Wade has recently been elected to the office of treasurer of the class of 1960. Robert Winsor, whose home is Virginia Beach. Robert is a music major. He is a member of the Fine Arts Club and is well-honored for his perform-

ances at the piano. An economics major from Durham, Tom O'Brian, is known on the athletic fields for his pitching. Tom is a newly-elected member of the Honor Board.

Gaye and Kaye Burton are twins from Madison. Both are education majors. Outside of studying, Gaye is a member of the social committee and Kaye is a cheerleader. Juliana Trimble is a dancing biology major from Russellville, Kentucky. "Julie," as she is better

known, was recently elected to represent her classmates in Shore Hall on the WSG council. Music was the field that Betty Lou Chilton, from Pilot Mountain, originally planned to enter. She has changed her major to French. Betty Lou is a member of the Fine Arts Club.

Selection of the marshals is based primarily on scholastic achievement, but other qualities, such as leadership, are taken into consideration. The marshals serve for two years—as sophomores and again as juniors. Serving as ushers for graduation exercises is the primary duty of the sophomore marshals.

For the junior marshals, actual participation in the graduation exercises is their chief purpose. Also, they usher at such activities as plays and Founders Day celebration.

BOYS!

Boys, you're missing something if you skim over the ads. In case you have failed to notice, the Johnson & Aulbert ad in each issue carries some boy's name in scrambled letters. If you can rearrange the letters to spell your name, you are entitled to a gift from the store. Be more observant.

Among the songs to be presented are *Dawn of Peace* by F. Melius Christiansen, "Our Thought of Thee is Glad with Hope," "Dear Lord and Father of Mankind," "All Things Are Thine" by Whittier, "Ev'ry Time I Feel the Spirit," a spiritual, and "Jeous Ahatonhia," a Huron Indian Carol.

The Whittier poems mentioned have inspired many musicians with their simple, direct sincerity and fervor. These particular ones were arranged by Carl C. Baumbach, director of the choir.

Dawn of Peace, containing "The Perfect Word," "In the Dawn, Into Light," and "Wondrous Day," is a universal hope for brotherhood and world peace.

Soloists

Some of the concert's soloists are Betty Ann Pringle, Ruth Rollins, Mary Ellen White, Pattie Sue Hackney, Caroline Primm, Eileen Murray, Sara Jane Robertson, Sidney Swiggett, Charles Chase, and John Juchter.

To be featured is instrumental accompaniment by Robin Heritage, clarinet; and Annette Bailey and Mary Nell Parker, flute.

At the end of the concert an RCA Victor L-P record containing some of the choir's favorite numbers will be on sale at the door. It may also be purchased from any choir member.

Other Concerts

Other concerts to be given by the choir will be at the Winston-Salem's Friends Meeting House on April 20, the Mt. Airy Friends Meeting house on April 27, and the Kiwanis Club in Greensboro, May 8.

Girls Vote To Have Trial Dorm Councils

A majority vote by women students at house meetings last Monday night made official the "dorm councils" set up by the WSG on a trial basis extending through the remainder of the present semester. Set up as sub-divisions of the WSG Council, the dorm councils in each of the three girls' dorms are designed to alleviate the minor disciplinary work which formerly came under the jurisdiction of the WSG Council, thus freeing the Council for developing and carrying out constructive plans for the betterment of the life of Guilford women.

However, the main purpose of the dorm councils, as well as the WSG Council, is not disciplinary (Continued on page four)

Switchboard Added

Something new has been added to the business office. A window has been cut in the wall and beside this is a new switchboard. From now on, all phone calls coming in to Guilford during the day will be handled through the main office. This switchboard is connected with all the main phones on campus. However, this will not affect calls going to or coming from the dormitories.
