

## Guilford Smoking Rule Revoked

### Kampus Kuties To Kaper At Dance On February 28

The stage has been set for the annual KKK Dance, and the Kampus Kuties will kaper a week from tomorrow night on Saturday, February 28. The dance will be held in the basement of the gymnasium and will begin at 8:00 and last until 11:30. This successful event has been sponsored for three consecutive years by the Monogram Club, and is generally attributed to be one of the best dances of the year. The admission will be \$1.00 per couple and 75¢ stag; all stags will be welcome.

Jerry Farber will step into the role of emcee, and the Debonairs will furnish the dance music for the night. The theme of the dance will center around the inside of a Western saloon, complete with bar, tables, and chairs. Jerry Farber will play some of his Earl Garner style songs and will throw in some of his new night club jokes for

good measure. The Monogram Club has emphasized the fact that the night will be *very informal*, nothing fancy, merely a night for fun and jokes and dancing which means a good time for all.

Jordan Washburn, president of the Monogram Club, says that this dance has always been considered one of the most "unique and informal dances of the year, and has always been a huge success, because of the students' requests for it each year. We hope it will be up to all their expectations."

### 123 - Year Tradition Goes; Girls Will Gain Campus Smoking Privileges Soon

A hundred and twenty-three year old tradition has finally been broken here at Guilford with a new rule introduced allowing girls to smoke on campus. Regulations governing this new move have not yet been established.

According to Dean Bill Yates, the faculty has approved smoking on campus for girls only in principle. There is still much to be done in designating a place, a time, and other details. The Committee on Counseling is meeting with a com-

mittee from the WSG today to suggest and discuss solutions to this new problem.

This committee will decide when the rule should go into effect. (Must the college abide by its bulletin and uphold the clause that says girls do not smoke on the campus? Could the move be put into effect more easily at the beginning of next year?) Another detail to be settled is where the designated smoke room shall be. Suggestions have included the Student Union and the basement of Shore.

The faculty members who are to meet with the WSG committee are Dean Young, Dr. Kent, Dr. Victorius, Coach Appenzeller, Miss Lasley, Miss Davis, Mrs. Feagins, Mrs. Milner, and Dean Yates. Explaining the purpose of this meeting Dean Yates stated, "We need

the help of the girls so that we may have co-operative judgement."

When asked how she felt about this new step, Carol McBane, WSG president, said, "The faculty is wise in getting rid of the double-standard for men and women. I think, though, that we must protect all girls and not infringe on the rights of non-smokers by installing a smoking room where they all enjoy going."

Coreen Case, Senior representative to the WSG, also voiced her opinion. "I think the faculty is wise in allowing the girls to have a smoking room on campus, and the girls will certainly abide by any regulations decided on."

Until the regulations concerning this new move have been decided, the old rule of "no smoking within a mile of the campus" will remain in effect.

### THREE STUDENTS LEAD HONOR ROLL WITH ALL "A" AVERAGE

Posed before a familiar setting of books and more books, Julie Trimble and Jimmy Childress discuss the hard semester's work now behind them. They were two of the students to maintain a straight "A" average for the semester. Absent when the picture was taken is Thomas Phillips.

Leading the Honor Roll with straight "A" (3.00) averages are Juliana Trimble, James Childress, and Thomas Phillips. Julie has the unique record of being on the Honor Roll every semester that she has been here (with a straight "A" average once before).

Others who have achieved the distinction of being on the Honor Roll are *Seniors*—Walter Caviness, Stafford Davis, Orland Edwin Esval, Robert Lichtman, Frank Little, Robert Little, William McDaniel, Betty Ann Pringle, Larry Rayle, Betty Jean Steele, David Tucker, Robert Walters, Richard Whittemore, and James Wilson; *Juniors*—Ramona Barrow, Anne Carmichael, Patricia Garner, Thomas O'Brian, Andrea Rogin, and Howard Walton; *Sophomores*—Jane Carroll, Thomas Copeland, Thomas Folwell, Robert McNeely, Ira Ross, Betsey Russell, and Anne Taylor; *Freshmen*—Judith Allen, Edward Giles, George Parish, Dora Smith, Ann Stratton, and Mary Wheeler.

#### WSG List

This year the WSG has taken an interest in those students who have worked hard, but haven't quite been able to reach the 2.5 or Honor Roll mark. It feels that these girls are also due some credit. So the girls on the WSG council have taken the time to average the grades of every woman student and have compiled a list of all those with a 2.00 average up to

2.49. They are (according to dorms) *Founders Hall*—Nancy Ackley, Louise Beasley, Ginnette Bourdureau, Wanda Carter, Evelyn Copeland, Janice Cornell, Nancy Dawson, Jo Ann Hundley, Barbara Lineberger, Clara Montgomery, Fraser Smith, and Lyndal Warren; *Mary Hobbs Hall*—Miriam Almaguer, Becke Blackwell, Lillian Burrow, Frances Cook, Margaret Haworth, Marjorie Haworth, Elizabeth Heritage, Robin Holland, Maaret Koivula, Gertrude Murrow, Joyce Neal, and Carolyn Nimitz; *Shore Hall*—Gaye Burton, Kaye Burton, Betty Lou Chilton, Virginia Cox, Susan Drake, Carol McBane, Sara Lou Phillips, Geraldine Waldrep, Dorcas White, and Mary Ellen White; *Day Students*—Ialna Eaton, Ruth Hodgkin, Nancy Ellen Jones, and Delores Miller.

Percentage wise, this is approximately equal distribution among the groups.

In the near future, the WSG plans to list these girls according to classes. They hope to keep this up each semester so that the girls may compare their standings.

An elderly Boston lady was being shown about London by a boastful English relative.

English Relative: "Now, here, is a cannon we captured at Bunker Hill."

Visitor (politely): "How interesting. You have the cannon. We have the hill."

### And The Students Think...

by BILL WEARMOUTH AND  
JO ANN COOK

With the change that has come about in the smoking rules for girls, the *Guilfordian* decided that it was only fair to find out just how the students themselves felt about the idea of girls smoking on campus. To do this, a poll was taken from a sampling of men and women students in all phases of campus life.

The poll taken among the girls revealed many and varied opinions. There were really very few who were absolutely against smoking on campus. One such girl said, "I think it is a nasty habit and very unladylike." Other girls said: "I don't like the idea at all; Guilford just wouldn't look right." "It looks cheap." "There should be a place for girls to smoke, but not on campus." "Girls don't get quite so upset about other rules; why do they get upset about smoking?" "The girls know they can't smoke before they come to Guilford. Let them go to school somewhere else if they want to smoke." "A lot of girls who don't smoke would start."

Many girls who don't smoke think there should be a place somewhere on campus for the girls who do smoke. They hate to see the girls jump into a car to go a mile off campus for a cigarette (or umpteen dozen in a car is usually the case). This looks cheap and could be dangerous. Girls should definitely be treated equal to the boys. Several girls said, "It's the smartest decision the administra-

tion ever made. The girls will smoke regardless of having to go off campus. Why not make it legal?"

Naturally all of the girls who smoke (and there are quite a few) were all for it. "I'd love it!" "When will it come?" "Hallelujah! No more smoke rides," were some of the excited remarks. The most emphatic statement came from our friend from Yankee land, Van Warner, who said, "What do you mean, 'what do I think?' I think it's the greatest thing since Grant took Richmond."

#### ON THE MALE SIDE

Across the campus opinions vary just as widely among the males. For the most part, male students are in favor of the girls being allowed to smoke, but with stipulations.

"Yes, they smoke on every other campus. Why not let them smoke here?" This seems to be an underlying feeling of all the men. Many are indifferent. When the residents of the eastern portion of the campus were asked whether or not the girls should be able to smoke on campus, the main answer was "Yeh." Many boys do not like to see girls smoke and this was expressed in the following: "Let them smoke, but not where we can see it." "They should have a smoking lounge for girls only in the basement of one dorm." "Not in the parlors." "I can't fight the idea of a girl smoking at the corner; it seems to be an encroachment on sacred masculine rights," and so forth. Many interesting characteristics of the Quaker female were brought out in statements such as: "Don't let them smoke in their rooms. They're so dang careless they'll burn down the whole dorm," (quotes a Mr. Price); "Might as well let them smoke on campus. Maybe that would give the cemetery and its residents some well-deserved peace;" and finally, "Girls are sneaky enough. Why make 'em sneakier?"

Only a few men were in favor of the status quo regulations. The masculine portion of the campus wants to see the girls allowed to smoke, but not in public.

### Educators Will Hold Interview in March

Senior? Graduating? Education major? Looking for a job?

Then circle the dates of March 11 and March 31 on your calendar. A representative for Princess Anne County, Virginia, Miss Louise Luxford, will be in the Union on Wednesday, March 11, to talk with persons interested in teaching in that location. Tuesday, March 31, is the date for the interviews concerning teaching positions available in Forsyth County.

### NEWS BRIEFS

The Guilford College A Capella Choir will sing for the High Point Friends Meeting February 22. On Friday, February 27, they will sing at the Temple Immanuel Synagogue. They have been invited to attend the regularly scheduled service. They will appear at Mineral Springs High School on March 11 during the chapel program. The annual Choir Tour will begin March 14. This year the destination is Florida.

Dr. Victor Paschke, professor at Columbia University, will speak at 8 P.M. this Sunday, at the College Union. He will speak in the interest of the Society for Social Responsibility in Science. His main emphasis will be on his recent contacts with European scientists. This event is sponsored by the New Garden Friends Meeting's Social Concerns Department.

This speech is open to the public; all students and teachers of science are especially invited.

Dr. Carroll Feagins of the Philosophy department will deliver a lecture on Friday, February 27 at 8 P.M. in the College Union. He will discuss the famous Indian Leader, Mahatma Gandhi. A discussion period, along with refreshments, will follow the lecture.

Max Heirich, the College Secretary for the American Friends Service Committee, has announced a weekend international student seminar which will be held at Wake Forest College in Winston-Salem, North Carolina. It begins today, and will continue through tomorrow.

The theme for the seminar is "Nationalism, the United Nations and World Peace."

Dr. Jesse Sabel will be on campus from Wednesday night, March 4 at 8:30, through Thursday morning to interview any boys interested in being counsellors for Camp Winaukee (located at Winnepeaukee, N. H.) this summer.
