Scholars Get \$100,000 From Dana Grant

GREENSBORO, N.C.--Guilford College started the New Year with a lift--a \$100,000 grant from the Charles A. Dana Foundation of Bridgeport, Conn.

Dr. Grimsley T. Hobbs, Guilford president, said the gift will implement the Dana Scholars Program in the face of rising tuition costs.

The \$100,000 has been added to the college's endowment fund, and the expected \$5,000 additional annual income from that source will be used to fund continuing scholarships, he said.

Foundation Grants Total
\$1,950,000

The current grant brings to over \$1,950,000 the amount of gifts from the Dana Foundation to Guilford College during the last 10 years.

Grants in the name of the Connecticut philanthropist have been used for capital improvements, scholarships and endowed professorships at the college, Dr. Hobbs said.

Since the Dana Scholars Program was started in 1961, there have been 403 scholarships granted to Guilford students. Dana has given the program \$40,000 per year during the past five years, a total of \$200,000.

56 Dana Scholars

Currently, 56 Guilford students are Dana Scholars. They must maintain a B average and demonstrate leadership abilities to be selected by the Dana Scholars Committee, headed by Dr. Frances Norton.

Of the current scholars, 20 are sophomores, 14 are juniors and 22 are seniors.

Dollar amounts of the scholarships vary according to need within the group selected as Dana Scholars. Minimum scholarship is \$100 with the maximum being \$1,200.

In donating to the program, Dana pointed out that many people of ability are lacking in resources necessary for a college education. Dana scholarships thus make it possible for many gifted young people to attend college.

338 Women Answer Questionnaire

Women Seek Hours Change

JUDY TURNER, CHAIRMAN OF THE WSC RULES COMMITTEE, WHICH SURVEYED GUILFORD'S WOMEN STUDENTS.

Army Bars Protesters, CLU: Base Is Public

Base regulations banning all demonstrations and political speeches and all unauthorized leafletting at Fort Dix, N.J., violate the U.S. Constitution and Army dissent guidelines, according to a suit now before the U.S. Court of Appeals for the Third Circuit.

The ACLU of New Jersey and the Lawyers Guild contend public areas of the base cannot be controlled by base officials in a way that deprives the public of fundamental constitutional rights. Fort Dix is open to the public, and motorists and pedestrians are normally free to enter at will. Several public highways run through the base.

Yet this fall, when a protest committee asked permission to demonstrate and distribute literature on the base, offering to modify their plans to suit any reasonable Army requirements, they were turned down. The com-

mittee was formed to protest the treatment of 38 military prisoners in the Fort Dix stockade.

Base officials barred them because of "the stated purpose of the demonstration and the committee sponsoring the demonstration."

The suit contends the decision and the local regulations on which it was based arbitrarily forbid First Amendment speech and assembly rights.

The blanket ban on demonstrations also runs counter to Army guidelines stating that "a specific request for a permit to conduct an on-post demonstration in an area to which the public has generally been granted access should not be denied on an arbitrary basis."

The guidelines specify that "a commander must have cogent reasons, with supporting evi-

The Women's Student Council has completed an opinion survey of all women students regarding dormitory closing hours.

The survey results will be incorporated into a proposal which will include one or more systems of hour regulations which most adequately fulfill the wishes of Guilford's women students. The proposal will be presented to the Board of Trustees.

Survey Results

328 women responded to the WSC survey. All but twenty of the respondents wanted extended hours for some or all students. 118 women desired a system of self-regulated hours for all women. 69 women desired the self-regulating system for juniors and seniors, with extended hours for freshmen and sophomores. 14 respondents were opposed to the self-regulating system. A large majority of the women said they were willing to accept the responsibility and the cost of such a system.

The final part of the questionnaire asked each woman to indicate the system she would prefer if she had to choose one and only one now.

59 women chose extension of closing hours, 12 were for more late permissions, 10 wanted no change, and 226 were for some form of self-regulated hours.

Methods of operating a self-regulating system were chosen as follows: guard, 85; keys, 69; IBM machines on door, 39; receptionist, 20; and buddy system, 13.

Beer Charge Gets MIG Reprimand

A male student was convicted by the MIG Judicial Board on charges of possession of a half filled can of beer in Milner Dormitory.

The student was given a reprimand at the trial, which was held on December 17. The decision of the board was unanimous.

The MIG Judicial Board is composed of David Mahaney, President of MIG; Phil Edgerton, Vice President of MIG; Tom Johnson, Secretary of MIG;

Clint Clampitt, President of the 1968 Men's Dorm; Jay Hobson, Vice President of 1968 Dorm; Mike Stewart, President of Milner Dorm; and Richard Woodard, Vice President of Milner Dorm.

Tour Group 1970 Studies Abroad

Plans are currently being made for "Guilford Study Abroad" for the summer of 1970.

Students will earn six hours credit while in London, studying English literature and British politics. The courses will include guided tours to points of literary, historic, and political interest.

The remainder of the study abroad will be spent in Paris and in twenty-four days in independent travel.

The cost for the total of sixty-four days abroad will be \$800 plus expenses for independent travel.

English Lit. Course

The course in English literature will be a study of "1900 Century English Literature and Society" and will cover literary man and milieu. It is designed to give students an understanding of some of the significant intellectual and literary issues

confronting British writers of the 1900 Century.

The course in British politics will study the government of the United Kingdom from its earliest traditions to its present structure and function. It will review the development of the British Political System and the major steps in its advance toward a parliamentary democracy.

Further information concerning "Guilford Study Abroad" may be obtained from Dr. William Carroll in 215 Archdale or in 311 Cox.
