### THE DAY THEY TORE THE GOAL POST DOWN

Thanks to the Quaker Student Body

Eleven years of my life have been spent as a football coach, with nine of these years being at the college level. In this period of time I have never witnessed student support as it was displayed Saturday for Homecoming. Our football players felt this support and enthusiasm and responded with a positive performance. Our football team is representative of the College, and more particularly of the student body. We will endeavor to give the student body a football program of a character in which they can find extreme pride. With your help we can do it!

On behalf of our fine football players, coaching staff and supporting workers I would like to say "thanks" for making Homecoming 1973 a tremendous success and an experience that will be remembered by your players and coaches for many years. Many thanks to a great bunch of students. With your help there will be many more victories in the future.

Sincerely,  
Henry Vasant  
Football Coach
