LETTER TO STUDENT BODY FROM COMMUNITY SENATE

Dear Friends—

As a member of the Guilford College Community Senate I have come to realize that many students do not know what the Senate does and perhaps could do for them. The Senate's membership consists of 16 students representatives (drawn from the dormitories), 2 faculty members, and one member of the administration. This group, which meets every Tuesday night from 7:30 to 9:00, is the only campus wide for-

um in which issues concerning most any aspect of campus life may be discussed and acted upon.

Instead of dealing in elusive vagueries, as every politician is apt to do, I'm going to briefly describe what Senate has done in the past and what it will be doing in the near future.

One of the most important and time consuming jobs the Senate performs is the allocation of the Student Activities Fee.

This fund, which each residential student contributes \$66 to (total \$60,000) pays for the operation of the following groups: College Union, Radio Station WOFS, the publications Guilfordian, Quaker, Piper, The Crafts Center, International Relations Club, BASIB, Biophile, Choir, Revelers (Dramatic Group), Woman's Coalition, and of course the Senate itself. tion's Loyalty Fund drive, the most successful in the history of the 136-year-old institution.

Bryan was elected president of the Alumni Association in 1972 and remains active in the affairs of the organization as past president.

In addition to his involvement with Guilford, Bryan is active in the civic life of Moore County, being a former director of the Sandhills Area Chamber of Commerce and the Stoneybrook Race Meet and a past president of the United Fund of Moore County.

Bryan shares numerous civic, charity, social and philanthropic interests with his father and mother, the former Kathleen Price.

"HOT PURSUIT"

The City of GREENSBORO has changed its policy regarding "hot pursuit" by city police. According to the new rules all speed limits will be observed during a chase. This is designed to prevent needless injury to innocent people uninvolved in the chase. While this action came too late to directly benefit the Parsons, it is hoped that this will prevent such needless tragedies in the future.
