Field Hockey Anyone?

Those of you that have ever played field hockey know what an exhilarating experience it can be. It is a fast moving game that requires a combination of speed, dexterity, and endurance. A good game of field hockey on a brisk fall day is one of life's great joys. If anybody is interested in taking part in this unique pleasure during the coming fall semester, whether you've played before or not, contact Barbara Gottfried, Binford 331, or call at 855-9561.

Anyone interested in tickets for the GGO (Greater Greensboro Open) golf tournament to be held March 28-April 3, 1977 at Forest Oaks should contact Debbie Lee at 292-1226 or Binford 229.

Comptroller Awarded Grant

Wilson Place, Guilford College comptroller, has been awarded a \$1,600 grant to do research which he believes will help in standardizing reports to governmental agencies by colleges and universities and thereby cut drastically the paperwork now required of the institutions of higher education.

The grant is one of seven awarded this year by the National Association of College and University Business Officers (NACUBO)/Exxon Administrative Leave Program.

Place's project will be carried out during the month of October, when he will visit 15 colleges and universities

in North Carolina to interview business office personnel.

Data gathered will be summarized and submitted to the U.S. House of Representatives committee on the reduction of paperwork in government, and should provide them with recommendations for carrying out their goal.

A native of Maine, Place received his bachelor of science and bachelor of arts degrees from Boston University and earned his C.P.A. certificate from Northeastern University. Prior to joining Guilford College in 1974 he was business manager for Salem College in Winston-Salem.

Work in Europe This Summer

Job opportunities in Europe this summer . . . Work this summer in the forests of Germany, on construction in Austria, on farms in Germany, Sweden and Denmark, in industries in France and Germany, in hotels in Switzerland.

Well, there are these jobs available, as well as jobs in Ireland, England, France, Italy, and Holland are open by the consent of the governments of these countries to American university students coming to Europe the next summer.

For several years students make their way across the Atlantic through A.E.S.-Service to take part in the actual life of the people of these countries. The success of this project has caused a great deal of enthusiastic interest and support both in America and Europe. Every year, the program has been expanded to include many more students for Germany, Scandinavia, England, Austria, Switzerland, France, Italy, and Spain. The jobs consist of forestry work, child care work (females only), farm work, hotel work (limited number available), construction work, and some other more qualified jobs requiring more specialized training.

The purpose of this program is to afford the student an opportunity to get into real living contact with the people and customs of Europe. In this way, a concrete effort can be made to learn some-

thing of the culture of Europe. In return for his or her work, the student will receive his or her room and board, plus a wage. However, students should keep in mind that they will be working on the European economy and wages will naturally be scaled accordingly. The working conditions (hours, safety, regulations, legal protection, work permits) will be strictly controlled by the labor ministries of the countries involved.

In most cases, the employers have requested especially for American students. Hence, they are particularly interested in the student and want to make the work as interesting as possible.

They are all informed of the intent of the program, and will help the student all they can in deriving the most from his trip to Europe.

Please write for further information and application forms to: American-European Student-Service, Box 34733, FL 9490 Vaduz, Liechtenstein (Europe).
