

## Soccer Team Goals Shattered

BY CAROLINE WELTY  
and CAROL HARTMAN

The Guilford College Soccer Team traveled to Erskine, South Carolina, to play in the Area V Tournament this past week. Erskine College was ranked by the power rating as number 1 in the nation for small colleges.

Within the first 30 seconds of the match, Erskine had scored the first goal. One minute later, they scored again, making the score 2-0. With 15 minutes left in the first half, the Quakers came back to score on a Bobby Lloyd corner kick. Five minutes later, Bobby Propster scored again to tie the score at 2-2.

One minute into the second half, Erskine scored to take a 3-2 lead. Two minutes later, they managed to score again and increase their lead to 4-2. After some steady hard fought playing, Bobby Propster again scored, this time with 16 minutes left in the half, on a one-on-one with the Erskine goalie. Neither offensive team was able to break through to the opponents net, and the final score stood at 4-3.

The majority of the team felt

that the reason they lost the game was because they were mentally unprepared for it. They also agreed that Erskine had the best offense of any team they had faced this year. Guilford's defense did not come out with any intensity and allowed Erskine to score two goals that they shouldn't have. Erskine's early scores dampened the teams spirits, but they recovered very well. The general consensus was that if the team had played to capability, they would have won the game.

This loss ended a fine season for the Quakers. During the season, injuries hurt the team and many players were forced to play injured. The team sometimes had problems getting the ball into the net and some of the players felt they could have done a better job with more accurate scoring attempts. They also agreed that the final record could have been better if they had won some of the matches that could have gone either way.

The team sported an excellent 13-7-2 record for the season.

## Team Captures District Championship

The Guilford College Soccer Team captured its first NAIA District 26 championship Saturday afternoon with a 1-0 sudden death overtime victory over Pfeiffer College. Al Cook drove home a 25-yard indirect kick for the winning goal with just 30 seconds gone in sudden death for the Quaker victory. Ironically, it was Cook's goal in the 10th overtime a year ago that handed the Quakers a 3-2 decision over Pfeiffer in a regular season match.

The Quakers had reached the finals of the district playoffs with a 2-1 upset of top-seeded Warren Wilson College. Cook assisted on the first Quaker goal in that game as he fed sophomore winger Bob Lloyd for a 1-0 halftime lead.

Warren Wilson tied the score midway through the second half, and Steve Hicks, the only senior on the Guilford team, won the game with eight minutes left in the contest as he headed home a cross by Bob Propster from 10 yards out.

The victory over Pfeiffer climaxed a three-game week of soccer that saw the Quakers drop a close 2-1 decision to the Tar Heels of the University

of North Carolina, the second-place finisher in the Atlantic Coast Conference. Lloyd, a sophomore from Trenton, N.J., got the first half goal that gave Guilford a 1-0 halftime lead, with Hicks, a Chapel Hill, N.J., native, getting credit for the assist.

"Defense was a real key to our success last week," commented Quaker coach Ray Alley. "Against Carolina we played very well, but had a flat streak in the second half that allowed them to dominate the action for about 15 minutes. They got both goals during that time. Against Warren Wilson and Pfeiffer we were able to overcome a tendency to flatten out, and played hard throughout both contests."

The Quaker defense was anchored by Trenton junior Mark Cubberley, Conn.

**Graphic artists, poets, environmentalists:** Biophile Club is now beginning to collect material for its 1978/1979 calendar. We need small black and white drawings and short written pieces. For more details, contact Charles Haworth or Bobbie Jones. Let us feature your art work and ideas in our calendar.

## Quakers Drop Tournament Final

BY DAVE HOTCHKISS

In an effort to improve their record to 2-1, the Guilford College Basketball team will meet Liberty Baptist tonight at 8:15. This will be one of only nine home games. The Quakers will be rebounding from a disappointing loss to Milligan College over the weekend in the championship

round of the Milligan Tournament. Milligan tallied 94 points to Guilford's 88. In addition, five Milligan players scored in double figures.

Coach Jack Jensen believes that the loss was a result of poor defense. For example, Milligan outscored Guilford by 16 points in the last 12 minutes of Saturday night's contest. "We will have to improve our defensive play in order to have a successful season," said Jensen. "We scored 88 points, and Milligan still won."

A high point in the tournament for the Quakers was the play of freshman center Bill Meyler. Playing in his first college contests, Meyler accumulated 38 points and 18 rebounds. As a result of his fine play, Meyler was selected to the Milligan All-Tournament team.

"I decided to start Bill because he was clearly out-playing Paul Dreschler (last year's center) in the scrimmages," stated Jensen. "Bill will have to improve in defense, however."

Guilford also received fine play from junior guard Gary Devlin, another All-Tourna-

ment player. Devlin pumped in 27 points during the Milligan game and tallied 11 assists. In the 74-66 win over Mars Hill on the previous night, Devlin scored 11 points in addition to several assists.

Sophomore Al King, a transfer student from New York City, also provided consistent play for the Quakers as he scored 22 points, with eight assists in the Tournament.

In comparing last year's squad to this year's, Coach Jensen pointed out that "the physical talent is clearly better this year. We have more players who are over 6'5" than last year." Those players include starting forwards Elton Gross and Mike Cherry, centers Meyler and Dreschler, forward Greg Hopson, and guard King.

Despite the awesome height that Guilford possesses, Coach Jensen is clearly disappointed with the team's output thus far. "The way we're playing now, I would be surprised if we topped the .500 mark for the whole season. Our defense has to improve if we expect to win some games."

Since that time his article has been accepted by *Fire Chief*. It is Brad's hope that such work as his will make fire departments aware that computers can be used not only to store information, but to manipulate it. Congratulations, Bradley.

**Student Tutorial Center:** The Student Tutorial Center is operating in the basement of the Library. Any student needing tutoring and study skills help should take advantage of this free service.

**A Kung Fu Demonstration:** This Tuesday November 22, the Pailum White Dragon Class of the North Carolina Fire Dragon Association, will be giving a demonstration in Sternberger Auditorium. Beginning at 8:15 p.m., Steve Matthews, a 2nd degree black belt class instructor, and several members of his class will demonstrate various Kung Fu techniques including; breaking, sword techniques, free sparring and more. Come on out! Free Admission!

**Update on Brad Anderson:** A few weeks ago the *Guilfordian* published an article about Brad Anderson's physics thesis. The thesis concerned using the computer to dispatch emergency vehicles and part of the requirements was that Brad write an article for possible publication in one of several professional fire fighters'
