

Grants Available to N.C. Residents

In June 1975, the General Assembly of North Carolina established a program of Tuition Grants for bonafide North Carolina resident students attending approved North Carolina private colleges and universities.

Guilford College is an approved private college; legal residents who attend Guilford, then, are entitled to a grant of up to \$150 each semester.

The basic requirement is a legal 12-month residency prior to the registration date for the school term. Copies of the Grant regulations and the Residency requirements are on file in the Library for your information.

Applications are made and approved by the State for each semesters Grant to benefit qualified Guilford students. When the Grant money is received from the State the student's account is credited for the amount of his/her grant. In those cases where any need money has been awarded from other financial aid money, this residency Tuition Grant has already been included in the amount of your original North Carolina aid. It is assumed that this grant will represent \$150 each semester, but in the event that the amount requested by all colleges is in excess of the total amount authorized by the General Assembly, the individual grants will be reduced accordingly.

The grant regulations are clear in stating that it is the responsibility of the student to notify the Registrar's Office of any changes that affect residency status and related qualification for Tuition Grants. Recipients of grants must report anything that may change their eligibility. Other students not awarded a grant to date must apply for the grant if when they believe they meet the grant qualifications.

Your current residential classification, for purposes of applicable tuition rates, is required to be changed if, since original establishment of your current classification, your state of legal residence has changed. (1) If you currently are classified as a nonresident for tuition purposes, it is your right to petition for a change in classification to that of resident.

For at least the twelve-month period immediately pre-

ceding the date of petition, you must have been a legal resident of the State of North Carolina. If it is determined that you have been a legal resident for the required twelve-month period, the effective date of change in applicable tuition rates shall be the beginning of the academic term following the date of application

for tuition change. (2) If you currently are classified as a resident for tuition purposes, it is your obligation to petition

Queen Victoria Smoked it, Too

Marijuana is probably the most used and abused drug to entice the American people since alcohol. *Understanding the Weed*, Michael Keith McBride's everything-you-wanted-to-know book about marijuana (Greatlakes Living Press, \$4.95) is a mini-encyclopedia about the drug and what the 13-million folks who use it do with it.

Of course they smoke it, but they also use it to liven up home-made date bars and left-over spaghetti sauce. by the way, George Washington was said to have grown it but not smoked it, and Queen Victoria used it to relieve monthly female trouble.

This book lays bare the substance and its use, discusses addicton, side effects, THC (the drug's narcotic substance) and reviews today's drug laws — with information on local, state, national and international restrictions.

Besides being an encyclopedia for pot smokers, *Understanding the Weed* offers parent of pot smokers the kind of information they will need to talk intelligently with their kids about the use and abuse of marijuana. All the buzz words are here, and details on cigarets, joints, pipes, bonges, roaches,

water pipes and other aspects of using the weed are explained in clear and concise language — simple enough for those over 30 to understand.

And for those bored with simply smoking pot, the book includes recipes for pot, hashish and other derivatives, growing and curing information, and a glossary of terms — colloquial and otherwise, to describe the drug and its

users. Books can be purchased in bookstores, or ordered directly from Greatlakes Living Press, 21750 Main St., Matteson, Ill., 60443. Send \$4.95 plus .75 for postage and handling.

If you have any specific questions, check with the Registrar's or Business Office in the basement of New Garden Hall.

Cancer is often curable.

The fear of cancer is often fatal.

Some people are so afraid of cancer they won't go to the doctor when they suspect something's wrong. Or even for a routine checkup. They're afraid the doctor will "find something". This fear can prevent them

from discovering cancer in the early stages when it is most often curable.

There are over 3,000,000 people alive today who have had cancer. If that surprises you, it shouldn't. Cancer is highly curable.
