Guilford. Seriously, they do not foresee personality conflicts and promise no going abroad or scandals of any kind.

Union elections will also be held on Tuesday. Only one ticket was turned in by the deadline, but one more was turned in last weekend before the extended deadline. The first ticket was Cassie Morgan, president; Katy Hunter, vice-president; Jason Capen, secretary; and Colleen Sullivan, treasurer.

The second ticket did not meet the requirements for a Union ticket. The president on the ticket is supposed to have

been on Steering Committee before. In this instance, however, as has happened before, Director of Student Activities Dawn Watkins waived the requirements so students could have a choice in Tuesday's elections.

The ticket is Jen Surber, president; Dain Roose-Snyder, vice-president; Ty Pender, secretary; Josie Black, treasurer.

Voting for Union and Senate will take place on Tuesday from 7 a.m. to 7 p.m.. Though the Senate ticket is uncontested, it is still important for them to receive enough votes.

Students must bring IDs to vote.

Printz talks on economics, politics, and philosophy

Kimberly Maddox
GUEST WRITER

Amanda Printz, who graduated in 1999 with a B.A. in philosophy, is returning to Guilford to discuss the philosophical origins of Austrian economics and libertarianism, a philosophy that radically advocates individual rights and liberty.

She is presently employed as a research assistant at the Ludwig von Mises Institute in Auburn, AL, and is applying for graduate school to earn a Ph.D. in philosophy, particularly concentrating on the socio-linguistics of the feminist movement and philosophy of the self.

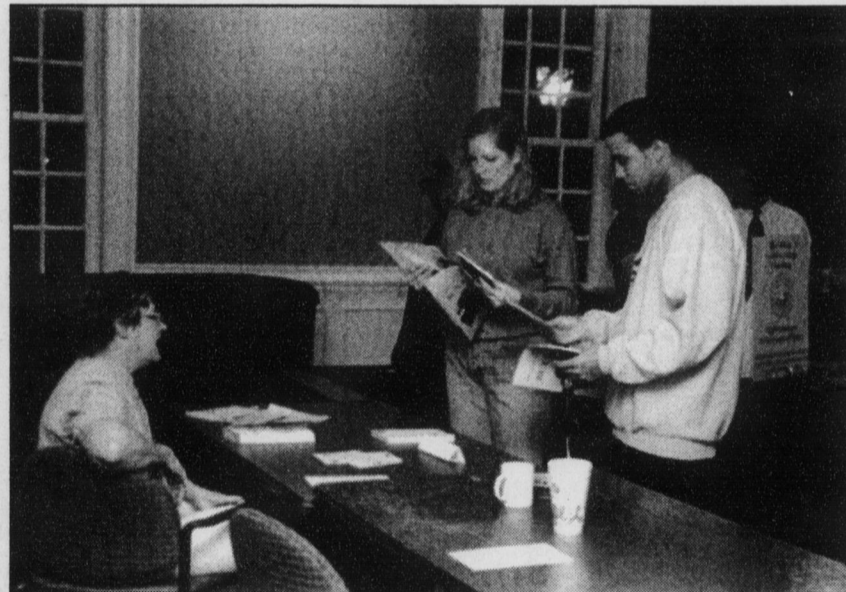

In her talk, Printz will briefly overview where the Austrian School of economics falls in the history of economic thought. She will then discuss the abandonment of the Aus-

trian School of Economics for a more interventionist, Keynesian approach to economics, focusing on the differences between the two schools of thought.

The Austrian School arose in opposition to the Germanical School. Amanda will discuss the basic philosophical doctrines of the German Historical School and the position of the Austrian School.

Printz is not an economist and will not be addressing hard-core economic questions. She will focus instead on the interplay of economics, politics, and philosophy. She looks forward to engaging in a lively discussion of these controversial ideas.

Printz's talk will be given in the Gallery on February 24th at 4 p.m.. Please come out for a stimulating presentation and discussion.
