'24: "I hear there are two classes claiming her."

'25: "She must be a popular girl."

'24; "Yes, the Juniors claim she's a Senior and the Seniors claim she's a Junior."

Rotarian: "Do you like sports?"

Salem Girl: "Yes, but father won't let them stay long."

First Rotarian: "What time is it when one Ford is after another Ford?"

Second Rotarian: "Ten after ten."

Bananas, bananas, you caused my fall, They served you Sun v, morning and all, ning, May-

And then on Monday, you came at noon,

I expect nothing but to pass out soon.

You've sympathized with the centipede who had corns, but who ever gave a thought to the turtle whose back itched?

Conductor: "S'all right lady; you can ride on your face."

Femme; "Thanks, but I much prefer to sit down."

M. C. and E. H.: Mr. Higgins, did we pass our exams?

Mr. Higgins: Yes, but some of the masteakes were erroneous.

Hint to Salem Girls

Due to its peculiar architectural design, the salad fork is never used to convey soup to the mouth.

"Amo, amas, I loved a lass, And she was tall and slender; Amas, amat, she dropped me flat, And I'm through with the feminine gender."

Teacher (turning to new pupil): "Where are you from?"

New Girl (clasping brow, with far-away look in eyes): "Out of the nowhere into the here."

Teacher: "Be seated." She checked off another one from Christiansburg.

Rotarian; "What is there to Chapel Hill? I never heard of the place before."

E. Stroud: "Oh! that's where the University is. And there's a post office, and one or two houses."

Rotarian: "Say, I sure do hope there's an Express office, too, so I'll be able to express myself when I get there."

DR. ELIZABETH ALLISON GUEST OF SALEM COLLEGE

It was indeed with great interest that Salem received as her guest last week-end, Dr. Elizabeth Allison of the Bureau of Social Education of the National Board of Young Women's Christian Association. Dr. Allison, who goes from city to city lecturing in colleges and in city Y. W. C. A.'s on Health and Social Relationship, has recently been in North Carolina, coming here from visits to Trinity, N. C. C. W. and Guilford Colleges. She is a graduate of Womens Medical College of Pennsylvania and for several years has been sent out under the direction of the Board of National Y. W. C. A.

Dr. Allison began her series of lectures on Saturday morning with talks to the Juniors and Seniors, followed in the afternoon by separate talks to each of these classes. In the evening she talked first to the Academy students and later to those in the college, after which she held conferences with Juniors and Seniors. Sunday afternoon was devoted wholly to group conferences while on Monday morning she gave two concluding lectures to the Freshmen and Sophomores.

Dr. Allison's exceptional personality together with the manner in which she handled the subject matter makes her one of the best and most interesting of Salem speakers and we feel truly fortunate in having received the visit of so notable a person.

ONIONS FROM TEXAS IN RACE WITH THOSE BRED IN EGYPT.

Boston, March 22.—The State of Texas and the new Kingdom of Egypt are engaged in an onion race. The goal is the Boston market and the winner will receive the best price for onions. Since the freezing of the first Texas crop, onions have been sold in New England at almost famine prices.

Two steamships are racing across the Atlantic under forced draught from Alexandria with full cargoes of Egyptian onions. Texas farmers and dealers are doing everything in their power, reports here said, to help nature mature the Texas second crop so they can get their onions here before the ships arrive.

ALL OFFICES OF DAKOTA TOWN ARE CAPTURED BY WOMEN.

Des Lacs, N. D., March 22.—Women swept the boards in the municipal election yesterday, winning by a two to one ratio.

The offices of Chairman of the Village Council, two Trustees, Treasurer, Marshal and Justice of the Peace all went to women candidates.

"Bigger, better and cleaner Des Lacs" was the women's campaign slogan.
