**A Student Friendship
Drive to be Instituted**

At a called meeting of the President's forum on Wednesday, October 8, Mr. Spurgeon Milton Keeny, who is connected with the American section of student relief in European countries, presented the matter of conducting a Student Friendship campaign on the Salem campus. As preliminary information, he stated the needs which are still existing, and presented the purposes for which the money this year is to be appropriated. Less is to be spent in direct relief work, except in the case of Russia who has not yet come to the place where she can aid in the direction of her own activities; and there will be a larger amount of reconstruction work through student organizations which are capable of doing the work.

The budget for this year will be divided into fourths and distributed as follows:

1. In Russia, for direct medical relief, including proper feeding where medical diagnosis finds it necessary; and for the providing of materials covering the advances of science.

2. In Central Europe, where relief will be little direct relief, but rather the loan of funds to students or co-operative organizations, by which students who are willing to help themselves will be able to secure education and livelihood.

3. For the world wide refugee problem, which is of especial importance in Russia, Hungary, Greece, Turkey, and the far East.

4. For the new movement, which has as its purpose the interpretation of the United States to the foreign students who come here.

The members of the president's forum, recognizing the immense importance of the work and desirous of making the results of this year's campaign as splendid as last year's agreed to make the Student Friendship drive the major movement in the school year. Lucile Reid, Y. W. C. A. undergraduate representative, is in charge of the campaign which will begin around the first of October and continue actively for one week. The success of the project will depend entirely on individual effort and sacrifice, for the funds will be raised by means of student pledges. Last year's record is an enviable one—the sum of almost five hundred dollars raised for relief work. Other colleges have similar records. In Lynchburg College, for instance, six students took into their hands the keeping of one student each for a year, which requires fifteen dollars each. The pledge last year in the same college was three dollars per person; this year it is four dollars per person.

**Students Are Chosen
For Annual Statistics**

There was posted, during the past week, the results of the balloting held recently for college statistics, under direction of the Annual Staff. The following girls were chosen for outstanding characteristics, representative of different phases of school life:

Best all-round, Elizabeth Leigh; Most Popular, Lucile Reid; Prettiest, Louise Anderson.

Most charming personality, Rose Hadley.

Most athletic, Ella Raper.

Most intellectual, Flora Bindler.

Most stylish, Louise Wittmer.

Most domestic, Eva Plovers.

Wittiest, Mary Alta Robbins.

Best disposition, Lardner McCarty.

Typical Senior, Mary Hill.

Typical Junior, Rosa Caldwell.

Typical Sophomore, Ruth Platt.

Typical Freshman, Amelia Morrison.

TWILIGHT.

The purple haze of twilight
Wrapped her mantle, dark
and gray,

Around the earth in silence
At the parting of the day.
Shadows crept around us

In their sly and stealthy
way,

While the sunbeams dimmed
to nothing,

And the world in silence lay.
