

## Ruth Carter Entertains French Club Meeting Latin Sorority Of Great Interest

### Constitution of Alpha Iota Pi Adopted

The February meeting of Alpha Iota Pi, Salem's newest club, was held at the home of its President, Ruth Carter, the evening of Monday, February 23. About ten members of the organization, together with Misses Minnie J. Smith and Leslie Brown Phillips, attended the meeting.

The constitution, which had been drawn up by the constitutional committee, was presented and adopted, after a few slight changes had been made. Then new members were voted upon, and it was decided to extend invitations to members of the Greek Club. It was decided that Sophomore should be taken in the club at the last meeting of the year, and that new officers should be elected then.

Elizabeth Marx, as chairman of the program committee reported that the March meeting of the club would be an entertainment social hour for the lower class Latin students; she also reported that Dr. Rosenbarger would talk at the April meeting, and a picnic including the new members would take the place of the May meeting. After the President appointed several committees, the social hour began.

Julia Mears gave an entertaining report on Roman festivals during February. Latin cross-word puzzles, contests, and Latin anagrams constituted the social hour until the hostess served delicious ambrosia, angel-food cake and salted peanuts. The red, white and blue favors carried out the idea of the large Washington's birthday. The girls reluctantly departed at about ten-thirty.

This new Latin Club is an organization for which there has long been a need on Salem Campus. It consists of Latin majors or minors. The following sentence from the constitution shows the organization is extremely worth-while.

"The purpose of this organization shall be to foster an interest in Latin and Greek among the student body of Salem College and to draw the student of Latin and Greek together in a deeper appreciation of the classics."

Didn't you enjoy Dr. Gordon's talk in Y. P. M. Wednesday? Here's another treat for you—Dr. Gordon will speak at Vespers Sunday Evening on "God's Afterglow in Prayer." This subject introduces the third theme of the Vespers program. Don't you dare forget to come because we know you will enjoy it.

The Evening Watch program has been changed from one to two meetings a week. Evening Watch will now be held on Tuesday and Friday night and the Faculty will contribute to the program.

Haven't you missed several smiling and cheerful faces around the campus? Yesterday about fourteen of our Salemites left for Chapel Hill where they are attending the State Student Volunteer Conference.

We know you enjoyed hearing the Industrial girls who spoke at the Association Meeting last Wednesday. Wouldn't you like to know them better? If you are interested in joining the Industrial Commission see Lucy Currie or Elizabeth Marx.

Have you paid your pledge to the Y. W. C. A.?

Follow the crowd! If you haven't been to the Sunday teas in the basement of Louisa Bittling you are urged to come. If you have been coming show us that you like the teas by coming again.

### Unusual Dramatic Interpretation of Love Scenes Feature on Program

On Wednesday, February 25, the members of the French Club were treated to a decidedly educational program. It consisted in the portrayal of love scenes from the French. Our ideas of continental technique were greatly uplifted owing to the finesse of the actors. The scenes were from: *Une Question d'Argent* and *L'Abbe Constant*. Those who took part in the former were Miles, Ruth Maier, Eleanor Idol and Mary Norris. The performers of the latter were Mile. Mary Alice Beaman and Mile. Mary Louise Mickey.

After a pause for excellent refreshments, the meeting was continued with a game called heart-die, "des de coeur" pour vous Francaises. Mile. Ruth Maier carried off the honors and was rewarded with a huge candy stick. The meeting was brought to a successful close by the ringing of the dinner bell.

## World Events

Richard Wagner had courage to ask his audiences to come four evenings in succession to hear "Der Ring des Nibelungen"; to see "Back to the Future"; George Bernard Shaw at first asked his audience to come five evenings. Though Eugene O'Neill does not go so far, he has written a play which will require five evenings for complete performance.

Neither the subject nor the title of the new play is known. The New York Theatre Guild which will produce it next season, is undecided whether it will be presented on successive nights or in cycles. O'Neill has said that the project is by far the most difficult and ambitious he has ever undertaken and that it will develop to the fullest the technique he has used in other works. If so, the three evenings will probably be three red letter evenings.

By the terms of the compromise measure passed by Congress and signed by the President on February 1, \$120,000,000 becomes available for farm rehabilitation in the drought areas of twenty states. A part of this sum, just how large a part is not clear, will be used for loans to farmers for the purchase of food.

Echoes of the Russian observance of "International Unemployment Day" moving westward with the sun across the World Wednesday brought scattered demonstrations and disorders to Europe and North America. Three were killed in Leipzig and lists of injured grew.

Trade Union leader Lozovsky said: "It is estimated that more than 30,000,000 are without work in capitalist states while in the U. S. S. R. there is no unemployment." Agitators took up the cry. Speeches, banners, songs and parades, resulted in battles and rioting in a dozen European countries and many disturbances west of the Atlantic.

English and German instead of French will be taught in the Turkish public schools, if the proposals of certain reformers go through. The change is ascribed to the belief that for a country wishing to enter Western civilization, Anglo-Saxon systems of education are far preferable, because they are characterized by creative power.

The Turkish Government has made the teaching of the two languages compulsory in all public schools and is reported to be about to engage teachers in England and Germany.

Perhaps the crescent moon smiles in doubt at being told that it is a fragment awaiting perfection.

## WORLD CHRISTIAN FEDERATION OF GREAT IMPORTANCE TO STUDENTS

Do you know what the world's Student Christian Federation is? If you do not, your knowledge of international relations between Christian groups is not at all complete. If you do know, you are a little wiser than the average college student. Would you like to know more about this great student federation?

The Federation was founded in 1895. In that year there met in Vadstena, Sweden, the leaders of national movements which have grown up independent of each other in six countries, the United States included. By the grouping together of movements the foundations of the Federation were laid, and today, after thirty six years the Federation is composed of twenty-three national movements. Its motto is "Ut Omnes Lium Simus," or in English, "That All May Be One." This is taken from John 17:21 which reads, "That they may all be one; even as Thou, Father, art in me, and I in Thee, that they also may be in us, that the world may believe that Thou didst send me."

Perhaps the Federation would concern students more than any other class of people. In the countries of Eastern Europe and other parts of the world education is having a hard struggle for a beneficial existence. Since the Student Christian Federation is inter-denominational, inter-racial and international it has been able to help students in Russia, Bulgaria, Roumania, India, China, and Asia. The appalling need of students in Central and Eastern Europe after the war, led the Federation to organize a committee called European Student Relief, which summoned students the world over, to strenuous united effort on behalf of the homeless, sick and starving students of Europe. There was a speedy response from students of thirty-seven countries and the committee helped immediate needs and started students along the road of self-help.

How would you like to be a part of this great international movement? You do not have to sign a card or pledge yourself to the organization, but you can become a part of it in spirit by maintaining a tolerant attitude towards students of all other nations.

## At the Theatres

### CAROLINA

On Monday, Tuesday, and Wednesday of next week, "Dance, Fools, Dance" will be the feature attraction. It is Joan Crawford's newest and best picture, and the star, whose every picture becomes a classic, is at the very pinnacle of her genius. Those of you who saw her in "Paid" will eagerly await her appearance as a newspaperwoman in "Dance Fools, Dance."

Another hit of the current season is the picture for the last half of next week. It is Douglas Fairbanks and Bebe Daniels in "Reaching for the Moon." This is Doug Senior's first appearance since "The Taming of the Shrew," and it is also the picture for which Bebe Daniels "went blonde."

### STATE

Monday and Tuesday, "Finn and Hattie" will be the feature at the State. In it are starred Mitz Green, famous juvenile player, Leon Errol, chief comedian of many a screen success, and Zasu Pitts chief weeper of them all.

On Wednesday and Thursday, a great silent picture is returning in talkie form. It is "Moby Dick," and John Barrymore again stars in it. However, instead of Dolores Costello (Barrymore) as the heroine, Joan Bennett plays the lead in the talkie version.

"Conquering Hordes" starring Fay Wray and Richard Arlen will be shown at the State on Friday and Saturday.
