

HOCKEY SCORES

Junior-Sophomore Game

The Junior-sophomore hockey game was well played and ended in a tie 1-1. It was close throughout as the score indicates and in it there was much good stick work. At the beginning of the game it looked as if the sophomore line would carry the ball through to score many times but the junior backs—Gray, Jerome, and Carroll—did especially good work for the juniors in the backfield. During the first half the sophomores completely outplayed the juniors but in the second half the juniors went in determined to make up for their short wind in the first half. The junior line in the second half outplayed the sophomore backs very busy. Maxwell, Tuttle, and Preston of the junior line did some good passing and changing the goal. The sophomore backs fought nip and tuck with them and did some good defensive work, each back coming in for her share. In spite of all the sophomore's good defensive plays, Tuttle made a lovely pass to Preston who slammed it in the goal for the tying point.

Senior-Freshman Game

The seniors, joint champions last year with the juniors, won the game 2-0. It was a rough and tumble affair throughout and the seniors showed lack of practice by a number of fouls which they would not have made if they had had practice. If the senior line had not played "off-sides"

the score might easily have been 6-2 instead of 2-0. The senior backs were equally as bad as the line making fouls. Their worst fouls were hitting sticks and making sticks with the fouls, obstruction and carrying on coming in also. If the seniors would take the trouble to practice and to eliminate fouls their team will have a chance at the cup this year, for they still have their fighting spirit.

Although the freshmen are inexperienced, they played good hockey. Fraley, their goal guard, did some good work and we are not so sure the seniors would have made those extra points as predicted. The other backs did notably well to help hold off the senior line. As for the freshman line there are two or three little players who play as good hockey as anyone at Salem.

Sophomore-Freshman Game

The sophomore-freshman game was hard fought with the sophomores coming out victorious by the score of 1-0. From the starting whistle to the ending whistle it was impossible to predict who would win. The over-confident sophomores soon found that they were against a well organized team and that the game would not be as easily won as they had planned. The sophomore line, when it was close to the goal, lost their heads and seemed unable to score. Fraley, the freshman goal guard, kept several balls from becoming goals. Council as a back

did some good defensive playing for the freshmen team. Hutchison, Marx, Schlegel, and Torrence—sophomores—played together well and kept the ball well out of dangerous territory. The freshman line had some pretty passing and dodging, but the members of the sophomore line seemed to see who could play the ball the longest and farthest. Because of this they probably lost several goals. Hitting and making sticks and carrying on were the predominant fouls with the foul obstruction coming in.

The Senior-Sophomore Game

The senior-sophomore game was won by the sophomores 1-0. The game was close as the score indicates with the seniors invading often the sophomore backfield. Several times it looked as if the senior line would score in spite of the well playing of the sophomore backs. The sophomore line passed to one another instead of each man play-

ing the ball as long as he could, which is their usual method. The sophomore backs—Marx, Hutchison, Torrence, and Schlegel—made many good tackles and kept the seniors from scoring. The senior backs—Calden, Davis, Biles, and Hadley—kept many sophomore threats from becoming scores. Making sticks was the foul called on both teams. The sophomores played "off sides" a few times, but the seniors were not "off sides" during the game. The foul, hitting sticks, usually occurring many times during a game was not called once.

The Senior-Junior Game

The senior and junior teams, co-holders of the cup last year, fought hard to the finish with the junior team coming out victorious by the score 1-0. The seniors seemed to swing into the game more and played much cleaner than in their first game. The number of fouls was reduced with

the seniors seldom playing "off sides" which was their most repeated foul of the first game. Calder, senior star left fullback, was missing from the lineup. A. Stough playing left wing, sprained her ankle during the game and was unable to finish playing. Lindsay moved up into her position and Vologodsky moved out of the goal into Lindsay's position, leaving the goal unguarded. The senior line had difficulty in getting past the junior backs—Vaughn, Jerome, and Gray. Gray was especially hard to get by because of her clean tackles. Maxwell of the junior line was outstanding. Although Carroll made the goal for the juniors, Maxwell carried it up the field. This goal probably would not have been made if the seniors had had a goal guard.
