LATIN MEETING

January 6 the Latin Professors from some of the leading colleges throughout North Carolina met at W. C. U. N. C. in Greensboro.

The purpose of this meeting was to discuss the present status of Latin in colleges of the state. Resolutions were passed to take up a discussion of Latin teaching in High School and colleges with the officials of the state department.

Some of the colleges represented were, University of North Carolina, Davidson, Wake Forest, Meredith, Queens, Woman's College, Lenoir Rhyne, Catawba, High Point, and Salem. Our representative was Dr. Minnie G. Smith.

There is a hope that a revival of interest will thus be brought about in the learning and teaching of the classical languages in both High School and College.

We wish to congratulate Mrs. Frederick Brandauer, formerly Miss Grace Martin of Salem College, upon the birth of a son, Frederick Paul, born December fourteenth.

LUCY JAMES AND LOIS NAFF GIVE MUSICAL PROGRAM

Salem Girls Entertain Junior Chamber of Commerce

Monday night at the dinner meeting of the Junior Chamber of Commerce, Misses Lucy James and Lois Naff, accompanied by Miss Dorothy Thompson, gave an excellent musical program. Miss James sang "Allah's Holidays," by Rudolph Friml, and "Will You Remember," by Romberg. Miss Naff sang a group of Scotch Highland melodies which included "Banks of Loch Lomond," "Turn Ye to Me" and "Come Under My Plaidie."

Guests were very much pleased with the Salem girls' voices. They were introduced by Homer McNeely.

Guest speaker of the evening was Wallace Wade, coach at Duke University. Quoting from the Instant-Salem Journal, "It didn't take the audience long to discover that this developer of champion football teams has a valuable asset in his personality. The coach might easily have converted the dining hall into a field and had a pretty good team working in an hour or two, so well did the young professional and business men take to him."

This course will include a study of the personality as related to the adjustment of the individual to society; the foundations of motivation; typical problems of maladjustment; social heredity and its practical implications. It is designed to acquaint the student with the well-recognized principles of habit formation and learning. The course will be concerned with an understanding of how to avoid those mental disturbances which are an outgrowth of failure to conform to the social customs of society. One purpose of the course is to assist the student in adjusting herself to the conditions of life. Through clinical work which is being arranged, the student will become acquainted with remedial measures for unfortunate adjustments. The course will be taught by Mr. McEwen with Dr. McDonald assisting in the psychological clinic.

Why am I ?  
Why am I not you?  
My thoughts forever fly.

I'm glad I'm not you.  
I'd rather be I.

Luckies

Reach you fully packed

THE TOBACCO DOES NOT SPILL OUT

Good tobaccos... real good tobaccos... that's the reason for Lucky Strike's fine, smooth quality. We use only the center leaves of the finest Turkish and domestic tobacco plants. Not the top leaves—because those are under-developed. Not the bottom leaves—because those are inferior in quality. We use only the center leaves—because these are the mildest leaves—fully ripe for perfect smoking. Only these choice tobaccos are used to make Luckies—so round, so firm, so fully packed—and no loose ends to spill out. That's why Luckies are always mild and smooth. That's why always "Luckies please". And don't forget—"It's toasted"—for throat protection—for finer taste.
