New May Day Steps Completed

Beautiful Addition to Campus Presented by Combined Organizations

A dream which has been for many years in the minds of those on the lookout for improvements on Salem's campus, has been realized this year in the beautiful new steps, just completed on the May Day Pageant court. The steps form a perfect triangle which fits into the naturally perfect triangle of the hill (in case you haven't seen them, you must immediately run down and do so).

Responsible for the building of these permanent stone steps are the following organizations, whose loyalty and interest in Salem has certainly been shown by their generous donations: the Freshman Class, Sophomore Class, Pierettes Club, Athletic Association, Junior Class, I. E. S., Student Government, and United Artists Club.

Mr. Gant has done a remarkable piece of work, and we wish to thank him as well as the above organizations for bringing about so efficiently the completion of the May Day steps.

MUSIC STUDENTS GIVE PROGRAM

Last Tuesday several Salem music students presented a most interesting program to the Winston-Salem Woman's Reading Club.

Miss Lucy James, soprano, sang "Dreams" (Lily Strickland), "Pirate Dreams" (Charles Hunter) and "My Lover Is a Fiberman".

Miss Margaret Schwarzze, violinist, played "A Walnut Tree" (Schumann) and "Spanish eSrenade" (Chaminade-Krelier).

This was followed by a group of songs by Miss Mary Mills, contralto, as follows: "Blue Mine Sale" (Richard Strass); "Mein Nadel Hat Einin Rosemund" (John Brahms), and "Marchen" (Gottlieb Weitz), after which Miss Schwarzze played "Gypsy Dance" (Nachez) and "Tes Yeux" (Hobey).

Miss Dorothy Thompson, member of the faculty, played the accompaniments.

Passion Week At The Home Church

Scriptural Pageantry of Crucifixion and Resurrection of Christ is Re-enacted

Beginning with Palm Sunday, the Home Moravian Church conducted a series of holy services which re-enacted the events leading from the triumphal entry of Christ into Jerusalem to His crucifixion and resurrection. These readings in unison from the Passion Week Manual constituted a Passion Play without players and without stage. The scriptural extracts were from the four gospels, Matthew, Mark, Luke, and John.

The week-long rites culminated in a "Resurrection Service" held at sunrise Easter Sunday, and conducted by Bishop Pfuhl. The first part was held in front of the Home Church and the closing portion on God's Acre in the Moravian Graveyard. The Moravian Band, directed by James Pfuhl, called the worshippers to service. Divided into several sections covering all parts of the city, the band began playing antiphonally old Moravian chorals at 2:40 A. M.

The custom of holding Easter Sunrise Services in the graveyard originated in 1732 in Herrnhut Saxony. The first one occurring at Salem was in 1772.

STATE CONTEST WINNER

Miss Hazel McMahan, a Salem student, won first place in the state music contest held Saturday in Salisbury. She played in Class E advanced, which is the highest class for Juniors.

Miss McMahan has won several other state contests, and has been invited to play for the state convention of Federated Music Clubs to be held in Wilmington in May.

HEALTH HINTS

From the Hygiene Class

If you cannot remove a particle from the corner of your eye with the moistened corner of a handkerchief, see a doctor.

Removing ear wax with a hairpin or twisted end of a towel may result in temporary deafness due to caked wax.

Remember, a good tooth paste is a mixture of equal parts of salt and baking soda.

When studying be sure that you have sufficient light, with no direct glare in the eyes.

Infection may arise from the bite of a non-poisonous snake if the wound is not sterilized.

TAXI!

Because the Salem girls have faithfully called on the Blue Bird Taxi Company for service, the company has made the Juniors and Seniors to make a tour of the city on Thursday afternoon, April 12, at 8:00. If we continue calling on them, the company will probably make the event an annual one. This is the first time anything of this sort has been done—and we do want it to last. Speaking of free rides—we can take 'em!

SALEM BOOK STORE

- what it means - to store

70 million dollars worth of tobaccos

- 4½ miles of warehouses -

Everything that Science knows about is used in making Chesterfields.

One thing we do is to buy mild, ripe tobaccos and then lock up these tobaccos in modern storage warehouses to age and mellow like rare wines.

It takes about 3 years to age the tobaccos for your Chesterfield, for Time does something to tobacco that neither man nor machine can do.

It means something to keep 70 million dollars worth of tobacco in storage. It means just this:

We do everything possible to make Chesterfield the cigarette that's milder, the cigarette that tastes better.

the cigarette that's MILDER the cigarette that TASTES BETTER
