SPEAKS IN CHAPEL

Of interest to those youthful spirits who can feel a breath of spring, in the midst of a biting frost is the appointment of two more May Day Committees. Mrs. Elizabeth Meinung has graciously consented to be the power behind the costumes, and under her direction Frances Adams, that efficient homemaker, will head the committee.

Frances Hill Norris has agreed to be chairman of the dance committee—and ask Margaret Ward if that is a job! Under the present plans for May Day these two committees complete the appointments.

STUDENT COUNCIL ENTERTAINS ADVISORY BOARD AT DINNER

On Tuesday evening, October 30, at 6 o'clock in the little dining room the student council entertained the Advisory Board. At his place each member of the board found a cheerful cherub verse which was particularly suited to him. He was asked to read his jingle. Everyone had a most delightful time at the dinner.

The invitation to the dinner read as follows:

Because we find you all so cheerful

The Ideal

Grace Carpenter delighted in telling her favorite, Dr. Willoughby, the other day, that she couldn't do as much as a horse!

ROBERT FEDDERN '35. He says: "I'm interested in every phase of flying—majoring in aeronautics. It takes a lot of mental concentration. Three or four hours of intense study is enough to tire anyone. I light up a Camel frequently. Camels always give me a 'lift' that quickly chases away any tired feeling. And what a flavor Camels have—so rich and mild!"

Here's the way to get back your energy quickly when you feel glum and weary! Thousands of smokers have adopted the way of combating low energy and low spirits mentioned by Feddern. When their energy sags down they smoke a Camel and get a delightful "lift!" It's healthful—delightful—enjoyable. Smoke Camels as often as you want them. Their finer, **MORE EXPENSIVE TOBACCOS** never get on the nerves!

TOBACCO EXPERTS ALL SAY:
"Camels are made from finer, More Expensive Tobaccos—Turkish and Domestic—than any other popular brand."

AIR HOSTESS. Says Miss Marian McMichael, R.N., of the American Airlines: "When the run is over and I'm off duty, my first move is to light a Camel. A Camel quickly relieves any feeling of tiredness—and how good it tastes. Camels are so delightfully mild!"

ANIMAL COLLECTOR. Frank Buck says: "It takes healthy nerves to bring 'em back alive. It's a job packed with thrills, excitement and real danger. I am a heavy smoker. I like to smoke Camels, for I can safely smoke all I want without upsetting my nerves."
