The work which will be presented this year is "The Highwayman," a ballad for soprano solo and chorus with orchestra. The words are by Alfred Noyes and the music by Mark Andrews.

The performance will be under the direction of Dean Charles G. Vardell, Jr. and Miss Viola Tucker will play the piano accompaniments. The Salem College Glee Club and a number of singers from the community will compose the chorus. Players from the community will also augment the Salem College stringed orchestra.

This concert is an annual event at Salem, and it usually terminates the musical year. Since "The Highwayman," which is to be presented, is extremely interesting, it should be well received by the public.

"THEY DON'T GET YOUR WIND" ATHLETES SAY —

GENE SARAZEN, championship golfer, who has smoked Camels for years

The mild cigarette the athletes smoke is the mild cigarette for YOU!

A cigarette so mild you can smoke all you want—that's what athletes say about Camels. And when a champion talks about "condition"—"wind"—healthy nerves—real tobacco mildness—he's got to know.

Gene Sarazen says: "Playing as much as I do—I have to keep in condition. I smoke Camels steadily. They are so mild they never get my 'wind'—never upset my nerves."

Other athletes back him up... "I smoke all the Camels I want, and keep in top condition," says Mel Ott, slugger of the New York Giants... Georgia Coleman, Olympic

diver, says: "Camels don't cut down on my 'wind.'"... Bill Miller, oarsman; Jim Lancaster, N. Y. U.'s 1934 basketball captain; John Skillman, pro squash racquets champion—hundreds of sports stars smoke Camels regularly and report that Camels never get their "wind" or nerves.

What this mildness means to you!... It means you can smoke Camels all you want! Athletes have made this discovery: Camel's costlier tobaccos are so mild, they can smoke all they please, without disturbing their "wind" or nerves.

CONDITION IS IMPORTANT TO YOU TOO—on vacation, in college, at home. You can keep "in condition," yet smoke all you please. Athletes say: "Camels never get your wind."

SO MILD YOU CAN SMOKE ALL YOU WANT!

Camels COSTLIER TOBACCOS!

● Camels are made from finer, MORE EXPENSIVE TOBACCOS —Turkish and Domestic— than any other popular brand.
