FIELD!

Bv Lillian Lanning Sallie Emerson

With this familiar call from Miss Applebee, we hockey campers struggled forth from our cabins in spite of stiff muscles which groaned for rest. We donned all the warm clothes that we had with us and grabbed a hockey stick. The only time we laid the stick down was during meals, and confidentially we saw a few sticks in the dining room.

Miss Applebee and her other English coaches, who had just come over on the "Aquitania," believed in getting an early start. When the bell at the Lodge rang at eight o'clock in the morning, we really picked up our feet and ran to break fast (being 25 degrees it was too cold to dally on the way). At ninetwenty we assembled in the meeting room for almost an hour's lecture on hockey theory. Then at ten o'clock we went out on the field to see if our theory worked in some excellent stick games taught by Mrs. Cram Barry, manager of the camp. From ten-thirty until eleven-thirty or twelve everybody played in match games, and we didn't use those sticks for "milk stools" either. Miss Applebee, as you know, has a passionate dislike for "milk At twelve o'clock everybody "popped off and rested a bit" until lunch.

From three o'clock until four la

In a recent meeting of the Athletic ssociation two vacancies on the council were filled. These were Golf Manager, Betsy Moffit; and Swimming Manager, Chubby Hayes.

Betsy has taken an active interest in golf since she entered Salem last fall, becoming one of our most outstanding golfers. (Maybe our faculty stars taught her the fine points? In our tournament last spring she ranked among the lowest scorers, and in her home-town tournament this summer she was crowned champion. As golf manager, she succeeds Peggy Jones.

Chubby is indeed well qualified for her post as swimming manager, hav ing passed her water safety instructor's course this summer. There's no doubt about her being fond of swimming, either - Remember that midnight escapade last year? Chubby's all for swimming, - any time,

crosse was taught, and after this we had more stick work and then another game from four-thirty until five-thirty. If one of the instructors said we were doing "mach betta" (much better) we really felt wonderful. After a good hot shower, we dressed for supper. Then - well can you imagine that your southern lasses from Salem went to bed for a well-earned rest (but not until we did English folk dancing until 9 or 9:30). Since we girls from the heart of Dixie were not accustomed to the cold weather, we slept two in a

Miss Jackson's pool in the Alumnae Garden on the Academy hill has a new light, submerged to shine up under the lilies on the water.

In order to buy some new records for use in the Social Hours, the Academy girls sold hamburgers on Friday afternoon to the girls in the dormitorys.

The Student Government Representatives sponsored a square dance in the Social Room last Saturday night, as the first dance of this school year at the Academy.
