HOCKEY SEASON OPENS AGAIN

Last week the old rivalry between the Junior and Senior hockey teams was renewed. A fast and furious game was played with the Juniors emerging victorious 2 to 1. The remaining games will be played as soon as the weather permits.

The setting of the books were laid in numerous states and covered territory from North Carolina to Michigan to California. The stories ranged from biographies to tales of Indian life. However, according to Lucy Springer, such literature should be kept strictly within the realm of childhood.

The program was completed on an interesting note when Allene Harrison reviewed Little Miss Capps, a story laid in old Salem when the college was very young.

Despite these minor difficulties, everyone had a grand time and all feel that this is a definite step in the advancement of the Art Department. According to Mr. Kenyon, head of the department, the class will work from models each Tuesday and Thursday afternoons.

Do you smoke the cigarette that *SATISFIES*

YEARS OF PAINSTAKING STUDY and research have put Chesterfield far out in front in the blending and preparation of tobaccos to give you a cooler, better-tasting and definitely milder cigarette. (As seen in the new film "TOBACCOLAND, U. S. A.")
