## TOURNAMENT TO BE HELD

Beginning next week, several one day golf tournaments will be held weekly. In recent years golf has become increasingly popular on the campus with the result that there has been a great demand for these tournaments.

In view of the approaching tournaments, we present for your inspection the following rules concerning proper golf etiquette:

1. Be silent and motionless while another played makes a shot.
2. The best place to stand is diagonally away from a player in front of him and to his right. Never give him cause to worry about hitting you by standing back of him or some place where he is not sure of your position.
3. On the putting green, no one should stand beyond the hole in the line of a player's stroke.
4. Watch your shadow. Keep it off the line of play.
5. Allow the player with the honor (player who has the lowest score on previous hole) to play before any other player tees his ball.
6. No player should play from the

tee until the members of the party ahead have all played their second shots and are out of range nor play up to a putting green until the players ahead have holed out and moved away.

7. If you have lost a ball, motion to the players behind you to play through and then do not resume your play until they are out of range.

8. If for any reason you are playing slowly, motion the party behind you through. It is the courtesy of the course and you will play better if you do not feel as if you were being hurried by someone behind you.

## TENNIS TOURNAMENT

Catherine Harrell, tennis manager, announces that the annual spring tennis tournament will begin next week. There will be both an A and B singles tournament, the A tournament for experienced players and the B tournament for beginners. The tennis cup will be awarded to the winner of the A tournament.

Watch the bulletin board for posting of the parings. The first round must be completed by Wednesday, April 30.
