

Basketball Varsity Announced

Off—groan! These aching joints, bruised legs, busted fingers, skinned knees—where did these come from? Basketball, of course!

When the seniors carried off their tilt with the juniors by a score of 12-7, there was mild surprise, we will admit. The juniors had more reserve men but the seniors had the extra passing ability to put the game over.

The fastest game of the season was the sophomore-freshman game. The score at the half stood 12-8 in favor of the sophs. The frosh tried vainly to catch up, but finally accepted the score 25-19.

A walk away from the sophs cropped up in their game with the juniors. This was supposed to have been a fairly close game juniors. This was supposed to have been a fairly close game juniors. This was supposed to have been a fairly close game juniors.

The slowest game of the season was that between the seniors and the freshmen. The game by the score 4-5 in the favor of the frosh was nearly balanced between the two teams at the half. A new crew of freshmen was too much for the seniors who bowed with the score 20-9.

There are two games yet to come. On Monday, March 6, the seniors and sophomores will play, and on Tuesday, March 7, the juniors and freshmen will play the last game of the tournament. Our predictions still pick the sophomores and freshmen to win these remaining games. Everything running true to course, as it has so far, the sophs will not have to 'save-face' but will probably be at the freshmen in second place, the seniors at third, and the juniors in the losing place.

Since each team had played twice in the tournament, a group consisting of the four managers of the class teams, the manager of basketball, the president of the A. A., and Miss Averill have selected the varsity and sub-varsity for this year. Placing on the varsity in forward positions are Caroline Hill, Lois Wooten, and Peggy Witherington. The guards are Mildred Park, Sarah Sands, and Ann McGee. The sub-varsity includes Edith Stovall, Betsy Casteen, Annabel Allen, Phyllis Johnson, Elizabeth McLendon, and Frances Sullivan. It is from these groups that the students were selected who played the faculty in the games Thursday night.

The outstanding high scorers for

the individual teams are, as they stand now: seniors, Betty Moore, 9, Erleen Lawson, 8; juniors, Mary Ellen Byrd, 7, Edith Stovall, 7, and Luanne Davis, 6; sophomores, Peggy Witherington, 38, Lois Wooten, 16, and Betsy Casteen, 13; freshmen, Caroline Hill, 25, and Annabel Allen, 8. Outstanding among the guards have been Park and Sands for the seniors, Nimocks and Pinkston for the juniors, Sullivan, Little, and McLendon for the sophomores, and Bullock, McGee, and Johnson for the freshmen.

The student attendance has been good and by the whoops and hollars there has been plenty to keep them entertained.

See you in the gym at those last two games!!

LOOSE ENDS . . .

Henrietta Walten needed a book for her term paper that the library did not have. Instead of ordering the book she bought it and then gave it to the library—so now the library has a "new friend."

The Pierrette play, Ladies in Retirement, has been changed from March 14 and 15 to March 21 and 22.

Congratulations to Mr. and Mrs. David Harold Winecoff who were married Friday night, at 7:00 in the First Presbyterian Church, Portsmouth, Va.

FILM SHOW

(Continued from Page 1)

Italy was a country torn by political unrest, poverty, and unemployment. The people were ready to put their trust in one man—and this man was Mussolini. A government of fascism grew up in this country.

In Germany, Hitler took advantage of the post war chaos. It was said that Germans have an in-born love for regimentation and discipline and Hitler could do this for them. The National Socialism party came to power in Germany.

The Japanese people threw away human dignity and surrendered their right of human individualism and because part of a human herd. They felt that their Emperor was God. They decided that Japan would rule the world. They had a militaristic, fascist government. Each of these countries did away with free speech, freedom of the press, movie and any other cultural activity, free courts or trial by jury, and labor unions. In the place of these things they established forced labor. Hitler said that Catholics and Protestants must vanish from the land. In the place of the cross a German swastika was placed. The children in the schools rules our brave new world." The Japanese had a similar quotation, "To die for the Emperor is to live forever."

War came first in September 18, 1931 when Japan marched into Manchuria, the northern most part of China. As Germany had Mein morial, which was Japan's Dream of a World Empire. Their first step toward this was in conquering Manchuria. Then in 1932 the Japan attacked Shanghai and 1933 the Japanese conquered Jehol. ll of this time China fought on!

Mussolini had to fulfill his promises; so in October 1935 he attacked Walwal, Ethiopia. The people of Ethiopia tried to fight back with their bare hands and spears, but they could not win against modern equipment and were conquered.

This was the end of the introduction which tried to show us that if we lost we would loose everything that Americans cherish, their homes, their children and above all their freedom.
