

## Take Me Out To The Ball Game

The first hockey game will be played next Tuesday afternoon between the Junior and the Sophomore classes at five p. m. on the hockey field.

The Juniors came out undefeated last year, but have lost many of their best players. The Sophomores came in second in the tournament and have kept most of their players. The A. A. makes no predictions other than this will be a game of thrills, spills and who knows what else. The Salemite joins them in playing safe and making no predictions, but guarantees that this game will be worthy of an hour's spare time.

Cokes and candy bars will be sold by the A. A. Follow this column in future papers to keep up with the dates of the games.
