Dr. Gramley

(Continued from page one)
be new in its walls and modern in its arrangements, it is appropriate that we remind that all this is indeed based and founded upon long years of faithful recognition of the high place due the sciences as taught there through nine score years." Bishop Rondthaler then traced the history of the science department at Salem and praised some of its most outstanding professors. He further commented that he looked forward to the future usefulness of the building.

The new science building is the nineteenth building to be added to Salem, which is now in its 178th year.

Open House was held at Salem Academy from 3:30 p.m. until 5:00 p.m. honoring Dr. Gramley. A reception in Corrin Refectory from 8:00 until 10:00 p.m. closed the activities of the day.

In New Orleans, Louisiana, a favorite gathering spot of students at Tulane University is the Student Center because it's a cheerful place—full of friendly collegiate atmosphere. And when the gang gathers around, ice-cold Coca-Cola gets the call. For here, as in university haunts everywhere—Coke belongs.
