

Bessie Reveals

(Continued from page two)

Through books (how many!) and essays (dull) to run,
Stead of ingesting and digesting one;
When churches of the fashionable variety
Draw congregations, not for worship of Diety,
But rather for the "contacts" to be made;
The building's plain stain'd glass and stone facade
Is nil, when to the layman's is compared—
So pious, gentile, smugly debonair!
Indeed! The seed of greed, all aims mundane
Have planted been and flourish like sugar cane
In hearts and minds all over this green world—
The "green" neglected for the "world", now "sperled"
For God's intended interests to pursue,
Unless His children—that means You, and You,
And You, and I—discard our thoughts so selfish,
And, so to speak, regress, to antics elfish—
That is, more natural than sophisticated,
So man to God will be somewhat equated.
"The One remains, the many change and pass—"
So Shelley spake (he wasn't such an ass);
"Earth's shadows fly, Heav'n's light forever shines—"
The answer to our stress is in these lines.
What more is there to say? I've had my turn,
And hence, mere poetaster, shall adjourn.

Campus Interviews on Cigarette Tests Number 3...THE FLICKER

Don't think our neat-pleated friend with the drape-shape doesn't know the score! He's plenty hep to all those tricky cigarette tests! If you're in the groove, they're not fooling you, either. You know, from your own smoking experience, that just one puff of this brand ... then one puff of that brand isn't going to give you the answer you want. What can you possibly tell by a quick inhale and exhale, a whiff or a sniff?

The sensible test — the one that gives you the proper answer — is a day after day, pack-after-pack tryout for 30 days. It's the Camel 30-Day Mildness Test! You judge Camels for 30 days in your own "T-Zone" (T for Throat, T for Taste) — the real proving ground for a cigarette. Once you've tested Camels as a steady smoke, you'll know why ...

More People Smoke Camels than any other cigarette!
