May or September are the months being considered by Earl McDonald, manager of the Philadelphia Orchestra, for the European tour that his orchestra wants to make next year. Within the week he hopes to receive an "OK" from the State Department, but until then no definite schedule other than the ground work plans will be made. If all goes well by the Federal Government, the orchestra will tour by plane to England, France, the Netherlands, West Germany and Denmark.

On Tuesday, October 10 Mr. Gordon Grey of Winston-Salem, former Secretary of the Army and now special assistant to President Truman in charge of foreign economic policy, was formally installed as president of the University of North Carolina. Campus Interviews on Cigarette Tests

Number 4...THE COMMON LOON

"Don't be silly!
What do you think I am...
a goose?"

Our fine-feathered friend isn't being "taken-in"

by all those tricky cigarette tests you hear so much about! A fast puff of this brand—a sniff of that. A quick inhale—a fast exhale—and you're supposed to know all about cigarettes. No! You don't have to rely on quick-tricks. The *sensible* way to test a cigarette is to smoke pack after pack, day after day. That's the test Camel asks you to make... the 30-Day Mildness Test. Smoke Camels—and only Camels—for 30 days. Let your own "T-Zone" (T for Throat, T for Taste) be your proving ground. And when you've tried Camels as a steady smoke, you'll know why...

More People Smoke Camels than any other cigarette!
