Three Students To Be Chosen By F. T. A.

Six members of the Future Teachers of America will appear in chapel next Tuesday, February 13, for the "Miss Student Teacher" election. They are Dee McCarter, Joan Mills, Jane Hart, Betty Gwen Beck, Ann Coleman, and Betty Griffin. From these six the student body will elect three. The three girls elected will be asked to come before a faculty-advisor committee for a discussion on their philosophy of education and why they chose teaching as their profession. After the interviews are over, the faculty will then select "Miss Student Teacher" of Salem.

On Friday, April 13, in Asheville, Salem's representative student teacher will be presented along with representatives from twenty-two other North Carolina colleges.

The selection of "Miss Student Teacher" of Salem began in late January. Then a screening committee of five students went through the records of each practice teacher and selected the twelve most representative ones to be voted on by the F. T. A. In arriving at these twelve student teachers, the committee considered the practice teaching records, the overall four year scholastic average, extra-curricular activities, and the practice teaching grade. Such qualifications as dependability, personality, appearance, and teaching ability were also considered.

The names of the twelve girls selected by the screening committee were presented to the F. T. A. to be voted on. From these twelve the six to be voted on by the student body were selected.
