## Stee Gee Plans Meeting For Tuesday

At the last Stee Gee meeting, the council discussed two very important petitions which have been the highlights of conversation among student groups.

The first petition, "We, the undersigned, petition to give Freshmen a half vote in all elections," was signed by twenty-eight students. The Student Council discussed the matter and will make a recommendation for it to be voted upon by the student body as a whole in Tuesday's Student Government meeting.

The second petition, "We, the undersigned, petition to eliminate the light cut system completely," was signed by thirty-two students. The Student Council has investigated this, too, and will attempt to have an announcement concerning this in the student body meeting.

Since these two petitions are of general interest to everyone on campus, the Student Council urges all to be present for this meeting on Tuesday.
