Campus Interviews on Cigarette Tests

Number 18...THE RACCOON

"They can't trick an old grad like me!"

Shades of the roarin' 'Twenties! All duded up in his ancient benny — but he has modern ideas on testing cigarette mildness! He's tried every "quickie" cigarette test in the book — and they're not fooling him one bit! He knows for dang-sure that cigarette mildness can't be determined by a cursory sniff or a single, quickly-dispatched puff. He doesn't have to go back to school to know that there is one real test — a test that dispels doubt, fixes fact.

It's the sensible test... the 30-Day Camel Mildness Test, which asks you to try Camels as your steady smoke—on a pack-after-pack, day-after-day basis. No snap judgments needed. After you've enjoyed Camels — and only Camels — for 30 days in your "T-Zone" (T for Throat, T for Taste), we believe you'll know why...

More People Smoke Camels than any other cigarette!

In Waterville, Maine, there is always a friendly gathering of Colby College students at the Colby Spa. And, as in college campus haunts everywhere, ice-cold Coca-Cola helps make these get-togethers something to remember. As a refreshing pause from the study grind, or when the gang gathers around— coke belongs.

Ask for it either way... both trade-marks mean the same thing.
