into the smiling faces of 17 boys. I had two choices. I could laugh or cry. I laughed. Suddenly everything was all right. The Professor rushed over, stuck out his hand and said cheerfully, "Welcome, my dear. Welcome to Davidson." I knew everything was going to be perfect.

Campus Interviews on Cigarette Tests

No. 23
**THE
AARDVARK**

This classy campus caper-cutter got his snootful of cute cigarette tests. It didn't take him long to dig out the fact that cigarette mildness can't be determined by a mere single puff or quick-sniff experiment! Millions of smokers, on and off the campus, have discovered there's only one true test of cigarette mildness.

IT'S THE SENSIBLE TEST... the 30-day Camel Mildness Test, which simply asks you to try Camels as your steady smoke — on a day-after-day basis. No snap judgments. Once you've tried Camels for 30 days in your "T-Zone" (T for Throat, T for Taste), you'll see why...
