

Adult Classes To Be Added

This year, in addition to the regular college academic courses, Salem College will offer an adult education program and some special children's classes.

The courses are designed for residents of Winston-Salem and its vicinity. Classes will begin Sept. 30 and continue through the fall semester until Dec. 16.

Some of the courses are non-credit, while others may be taken either for credit or not. Fees vary according to the subject, materials used and number of meetings. Most of the class sessions will be held in the evenings.

There will be representative courses from nearly every department on campus. Dr. Elizabeth Welch will teach a reading speed-up course. Bishop Howard E. Rondthaler will teach a Bible course.

From the language department Dr. Michael Lewis will conduct two classes: foreign language diction and elementary German. A study of the Roosevelt-Truman Foreign Policy will be taught by Dr. C. Gregg Singer.

Miss Jess Byrd will instruct advanced composition which features practice in writing. Food preparation will be taught by Miss Virginia Hodges.

The two appreciation courses offered will be art appreciation by Mr. Edwin Shewmake and music appreciation by Miss June L. Sam-

News Briefs

Mr. Warren Spencer has been appointed to be in charge of solicitation of college personnel for the local United Fund Campaign.
