

New Junior Class President Loves Dogs, Music, Dentist

By Sue Harrison

Sparkling eyes, a friendly smile, and curly brown hair belong to Alice McNeely, newly elected president of the Junior Class.

Alice was "thrilled to death and very honored" by her new office. She expressed her feeling toward her new job as "a big pair of shoes that I hope I will be able to fill."

Alice's first big problem is with Junior Breakfast. A local grill seems to offer competition to the junior's coffee, milk, juice, toast and jelly. "Maybe we'll have to serve breakfast in bed," she said.

Alice comes from Mooresville and is the daughter of Mr. and Mrs. C. C. McNeely. She has one brother and two sisters and comes from a long line of Salemites. Both of her sisters attended Salem and one of them, Mary Frances McNeely was May Queen in 1945. She had a cousin who graduated from Salem and then was Registrar here for several years. Mary McNeely Rogers, her cousin, is now a freshman here.

The Junior Class President is a lover of cockers. Four dogs reside at her home—Bruzer, the Dixie Lady, Amber and Fraulein. Besides raising dogs, "Mac" is interested in music; she plays the trumpet and the accordion.

Her main interest, however, is centered around a Maryland dental

school. Alice admits, "There is a boy named Bob, but I have several other very good friends."

At home Alice attended Mooresville High School, where she was very active in extra curricular activities. In her senior year, Alice was president of the Commercial Club, secretary of the Beta Club and treasurer of the Tri-Hi-Y. She was also Drum Major for two years.

At Salem, Alice's interests are diversified. In her sophomore year, Alice was secretary of her class, treasurer of the Y. W. C. A., Feature Girl, and served on the Student Participation Committee. This year she is junior editor of the *Sights and Insights*, a marshal and secretary of the Y. W. C. A.

LIGGETT & MYERS TOBACCO CO.

LIGGETT & MYERS TOBACCO CO.

BOTH regular and king-size Chesterfields are premium quality cigarettes and come in the smart white pack.

BOTH contain only those proven ingredients that make Chesterfields the best possible smoke: the world's best tobaccos, pure, more costly moistening agents (to keep them tasty and fresh), the best cigarette paper that money can buy — nothing else.

BOTH are much milder with an extraordinarily good taste and, from the report of a well-known research organization — no unpleasant after-taste.

BOTH are exactly the same in all respects. There is absolutely no difference except that king-size Chesterfield is larger — contains considerably more of the same tobaccos — enough more to give you a 21% longer smoke, yet costs very little more.
