Basketball Team on the Rebound

As a result of the proposal made by the WRA, the athletic department is reorganizing Salem's basketball team. In order to

begin the new varsity sport there must be a considerable amount of support from the

student body. Dr. and Mrs. Tom Mowbray have generously offered to coach the team. Poo McDavid, president of WRA, will supervise and Miss Woodward and Mrs. Miller will observe the team's progress.

If there is sufficient interest and support for the team the P.E. department will resume full responsibility for next

year. A meeting has already been held for those people interested in joining the team. Practice has been scheduled for a two hour period, four days a week,

including January. Games during this probationary period will include playing church groups and in-

tramural teams. January term is a must for strengthening and advancing the team. Anyone interested in participating should contact Poo McDavid, 1 Sisters, as soon as possible.

ATTENTION! Intra muros for fall are now being organized. This year, for the first time, trophies will be awarded to those dorms accumulating the highest number of points. Watch for further notices from WRA!
