## Dr. Judy Aanstad To Leave Salem

by Amy Washburn

Career Center Director Dr. Judy Aanstad will be leaving Salem at the end of this year. After thirteen years here, Dr. Aanstad has decided to make a career change--she says, "I took my own career counseling advice."

Dr. Aanstad's primary work will be with Ziff Associates of Winston-Salem. She will be doing qualitative market research, and clients will hire her to test consumer attitudes. Her results will be used to decide about certain types of product development and advertising. As a part of this job, Dr. Aanstad will be travelling all around the country.

She will also work as a consultant for a firm in Greensboro in a management development

program. She will work with upper and middle level managers in assessing their personal management styles. Dr. Aanstad says that these jobs will give her a chance to do some different things using her same skills and education.

She says, "I've enjoyed and learned a lot here--this has been an important part of my life."

Sarah Arbritton, who currently lives in Chicago, has been hired to take over the Career Center. She received her Master's Degree at Florida State University. Dr. Aanstad remarks that, "she is a really dynamic, interesting young woman. I think students will really enjoy getting to know her."
