Well ladies, I'm back! I'm so sure you all missed me in the last issue, but I'm back and better than ever. I'm sure you all are aware of the fact that Interclub is fast approaching and, it is true, we all are awaiting a big, fun weekend. But as always, some things can go wrong, or maybe right if you aren't right.

Friday afternoon arrives and you are sssooooo excited about the weekend. You have been set up on a blind date for the weekend. You are a little nervous at first, but you talk to him once before the big weekend and he sounds pretty cool, but you are still a little uneasy about the whole situation. Around 6:00 HE arrives. You are stunned, your breath is taken away, you are dumbfounded, the guy is gorgeous and you of course make a fool of yourself because you are speechless! Somehow, you finally speak and it is at

this time that you realize that looks aren't everything. He totally acts like a dweeb, but a sweet dweeb, so you tell yourself that everything is okay and you, your friend, her date, Dick, and your date, Chip head off for dinner. Dinner goes okay and you all decide to call it an early night so you can rest up for tomorrow night, THE NIGHT!

Finally, the night of the dance arrives and you are too hot to trot. When your date arrives he is in a linen tan suit; you totally FREAK OUT! Luckily a beverage is spilled on his suit, and he just so happened to bring an alternate suit. All four of you return to the hotel for a little fun and frolic. He is actually pretty nice, but still a dweeb. You go to the dance and a pretty decent song is on, and you all decide to dance. Little did you know the jirations that would be coming from Chip's body! You are so totally embarrassed that you tell him you
