

NASH COUNTY TOURNAMENT

The Nash County Tournament will be held in the Bailey Gymnasium March 12, 13, 14, and 15. This is the first time that a tournament has been held in Bailey. The tournament committee believes that the people of the community appreciate this honor enough to give their full support and will make this one of the best tournaments ever held in Nash County. The building is the best for such that has ever been used.

Pre tournament dope does not hold good after play begins for often the strongest do not seem so strong. There has been a battle on the north side of the county to determine the first place from that side. The teams engaged were Red Oak, Whitakers and Benvenue. The teams of the south side of the county did not have such complications even though there are strong teams at Middlesex, Spring Hope and Coopers.

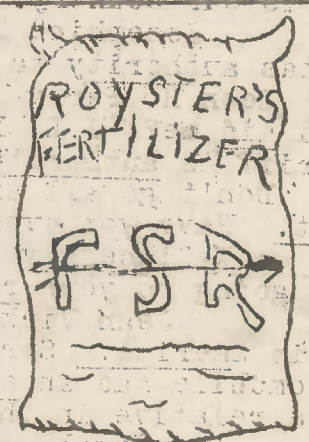

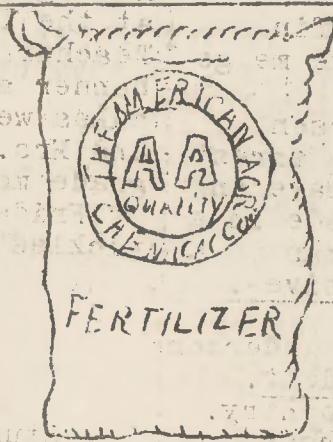

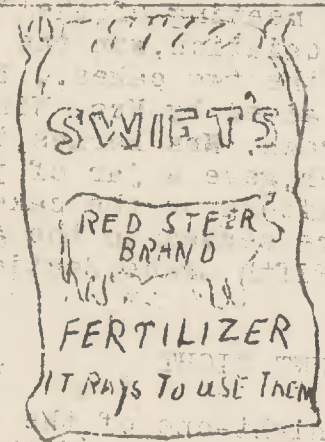

The winning girls teams may come from Benvenue, Spring Hope, Red Oak or Nashville. Some of the weaker teams may show a surprise in

the tournament. The teams which play the first games probably be the following: Middlesex vs Red Oak; Bailey vs Whitakers; Benvenue vs Coopers; Spring Hope vs Nashville. Girls teams: Spring Hope vs Red Oak; Bailey vs Nashville; Benvenue vs Coopers; Middlesex vs Whitakers. See the games on Tuesday and Wednesday of the tournament and pick the winner of the tournament. Support the tournament by your presence.

(Continued from page 2)

The club is making progress and everyone is hoping that it will continue to show improvement. We also hope to get the very most out of it, since this is our last year in high school and is probably the last schooling that some will get.
