

(Dear Former Classmates)

Everyone has been so nice to me since I have been here, and the faculty members are willing to help the students at any time. We have grand entertainment at E. C. T. C. In February we are having Richard Crooks to sing for us. We have heard Donald Dickson sing during the fall quarter. We also have plays given that have drawn visitors from far and near. For other entertainment we have various sports such as basketball games and football games to which the students attendance is great.

Really college is a great place and don't let anyone discourage you about going to school, for it is wise and enjoyable step in your life.

I wish you luck with your paper, and I hope all of you someday will land on college sail to see for yourself the advantages it brings.

Sincerely,
Winifred Mercer

(Dear Student Body)

quarter. What I consider an important part in the social life at Flora MacDonald is the two Societies. The names of these Societies are: The Epsilon Chi and The Zetesiam. You may join either Society you wish, and you join by going to the banquet given by the Society at the beginning of school. Flora MacDonald also has a Glee Club in which you get to go on some very interesting and exciting trips.

I hope that you will be interested in attending Flora MacDonald, and I would like so much to have you come down and visit me for a weekend. Visiting the college will help you to get acquainted with the students and teachers; and next year if you liked it well enough to come back, it wouldn't seem so strange. I know this to be true

from my own experience as I visited Flora MacDonald before I came as a student, and when I did come as a student, I felt as if I were at home.

Sincerely,
Daphne Griffin

Our Thanks To The P.T.A.

At last if a student becomes sick at school, he will have a place of quiet and comfort to remain. The P.T.A. has really gone to work trying to restore and keep the health of the students at school. A sick room has been placed in the old music room. It is not yet completed but they plan to have white curtains, a folding cot, white enamel furnishings, and a first aid kit. When a child gets sick he will be permitted to stay in the sick room.

Likewise many improvements have been made in the girls dressing room. Curtains have been put up so that we may have privacy. Neatness is a trait of character. In order to encourage a fresh appearance on the part of all the girls, a dressing table has been made for their daily use. At last we have a clean and fresh rest room. Our thanks to the P. T. A.
