THE FIRST GRADE B

Mrs. Glover

To the Agriculture Class we extend our deepest appreciation for the individual wall pockets. We have been greatly benefited by them. Each child now has a place to put his books and supplies. Formerly, the children had no place to put away their things since the first grade have tables without drawers.

There have also been two other additions to the first grade, a large picture of BABY STUART and a regular size football. These were bought with money received from P. T. A. as an attendance reward.

Definition of "Tough Luck":  
A man who works for his board, and then loses his appetite.

PSALM OF GEOMETRY

Miss Anthony is my teacher,  
I shall not pass;  
She leadeeth me to expose my ignor-  
ance before the class;  
She maketh me to draw figures on  
the board for my grade's sake;  
Yea, though I study until mid-  
night,  
I gain no geometry, for angles  
bother me and propositions sore-  
ly trouble me.  
She prepareth me for a low mark;  
My grade runneth under.  
Surely zero and conditions shall  
follow me all the days of my life  
and I shall dwell in the class of  
Geometry forever.
