Mrs. Glover

Our Farm

We made a farm.

James R. Williams made the barn.

He painted it green.

He made it out of paste board and sponge.

James R. Vick made the silo and haystack.

He made the silo out of an oatmeal box.

Faye Finch brought the oatmeal box to school.

James R. Vick brought a little truck to put on the farm.

Elmer Wilkey brought a big truck and a little wheelbarrow.

Rudolph Lucas brought a big wheelbarrow.

Mrs. Glover brought some little dolls to put on the farm.

Theron Sanders brought some chickens.

He made the farm house and the pond.

He made the pond out of blue paper and cellophane.

He put a boat on the pond.

He built a fence around the farm.

We made many farm animals out of clay.

Come to see our farm.

OUR EGG SHELL GARDEN

We have planted out Egg Shell Garden.

We brought some egg shells to school.

We painted them blue, green, brown, yellow, orange and red.

Mrs. Glover brought some colored paper cups to put the egg shells in.

We put rich dirt in the egg shells.

We planted flower seeds in our egg shells.

We planted Petunia and Nasturtium seeds.

We water our flowers.

Our flowers are growing.

They look pretty in our room.

THE HEALTH FAIRY'S HOUSE

We are making a Health Fairy's house;

The old witch burned the Health Fairy's House so we are making a new one.

We must eat the proper food to lay a brick.

We must go to bed at 7:30 o'clock and sleep with our windows open to put a shingle on the house.

We must have clean fingernails to get a flower.

We must take a bath and brush our teeth twice a day to put a colored glass in the house.

The old witch tells us not to eat the proper food.

We will not help the witch but we will help the Health Fairy.

Come and see our Health Fairy's House.

The following are on the Honor Roll of the Clean Hands Health Campaign. They properly filled out their Health Charts and received stars and a button as rewards.
