

COMMUNITY HI-LIGHTS

Through the cooperation of the members of the Bailey Baptist church a new floor has just been laid in the Baptist Church.

Women of the Mt. Pleasant Woman's Society of Christian Service held a monthly meeting at Mrs. Kitty Taylor Dew's home, Thursday night, October 17. They met at Mt. Pleasant and all went together from there.

Friday, October 19, 1940, there was held in the Bailey Methodist Church a Harvest Day. The produce delivered to the church will be sold and the money applied to the church budget.

On Halloween night, Thursday, October 31, there will be held in the community club building a Halloween entertainment sponsored by the Woman's Club to raise money to pay for the building.

From rides sponsored by the P.T.A. during the week of October 14, the school received six-ty seven dollars.

When the Mt. Pleasant P.T.A. met Wednesday, October 9, it was decided to hold a ground beautification day to plant shrubs on the school ground sometime in November.

Young people of the Bailey Methodist Church meet at the church on each Tuesday night for choir practice. The choir under the leadership of Mr. Howton is becoming an interesting feature of Sunday mornings' service. The choir has been invited to sing at the Victory Rally Service at Mt. Pleasant, October 27.

The Missionary Society of Bailey recently entered a new field of making money to carpet the church—cotton picking.

Practically one bale was picked from the farm of W.H. Farmer by Mesdames Jack Collie, Allison Farmer, Roland Glover, "Bud-die" Bissette, Eugene Finch, Herbert Farmer, Carl Walker, E. A. Howton, Ed. Cozar, Easley Strickland, L. C. Mann, and John Co-zart.

Due to the large amount of tobacco to be graded and sold whild prices are average, cotton picking has been delayed.

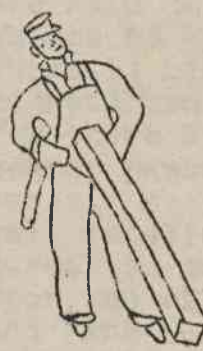

Mt. Pleasant Church held a Harvest Day at Mt. Pleasant on Friday, October 18, all people who attended brought farm products to sell at the Rocky Mount Curb Market; the money will go toward the general budget of the church.

The high school community failed to creditably support the high school play presented in the Bailey auditorium, Wednesday, October 16. It is thought that the lack of advertisement and too many other activities kept the house from being filled.

Much to the joy of the farmers there has been an excellent yield of cotton on the farms of the surrounding community this fall.
