Fourth & Fifth--Miss Charleton
Our Study of Virginia
Frank Lewis

We, the fifth grade, have been
studying about Virginia. It is a
very interesting state. The class
has read many references and given
reports about Virginia. We have
collected our material and made
a booklet.

The Beginning of the United States
Jacqueline Collie

In 1607 the London Company
sent settlers to the new World
to make a colony. The settlers
chose a site on the James River.
John Smith was the leader. The
colony of Jamestown was successful
after suffering many hardships.
Some settlers from Jamestown help-
ed to start other colonies. Soon
the country was divided into states
and later called the United States.

Points of Interest In Virginia

Joyce Meadows

There are many points of int-
erest in Virginia. The Natural
Bridge is located in the Rock-
bridge County a few miles to the
west of the Blue Ridge Mountains.
The Skyline Drive runs through
the mountains of Virginia. Near
the Skyline Drive are many differ-
ent colors and shapes. Jamestown,
Yorktown, and Williamburg are his-
torical centers. Jamestown was
the first successful English colony
in Virginia.

Fifth Grade--Miss Butler
The Tree and The Wind

Sadie Hayes

There stood a tree in the woods,
A tree lonesome and sad;
But as the wind passed by,
It grew very glad.
Until one day its leaves blew off,
And as they said, "Good-bye,"
The little tree bowed its head,
And Oh! How it did cry.
