

H. E. DEPARTMENT SECURES
NEW EQUIPMENT

Hildred Ruffin and Aileen Finch

So far the Home Economics Club has had only one meeting this year at which time the following officers were elected: Aileen Finch, president; Mary Rose Brown, vice-president; Ruth Ruffin, secretary; and Bobby Morgan, treasurer. At the same meeting the year's motto was selected--"Good, better, best we'll never let it rest, until the good is better and the better best."

The club members are particularly proud of the new equipment for both the kitchen and sewing labs. In the sewing room have been added new curtains, a new ironing board, an iron, machine attachments, and a pinking machine. Improvements have been made in the kitchen laboratory by the purchase of utensils.

FORMER JANITOR DIES
Marie High

The Bailey teachers and students heard with sadness of the death of Lonnie Fort, Thursday, October 3. He was janitor at Bailey until Christmas 1939, when an injured toe, becoming infected, forced him to have one of his legs amputated.

Recently Lonnie was awarded substantial aid by the Industrial Commission and expected to get an artificial limb. He hoped with this to be able to return to work in the school. Lonnie was a faithful worker, always cheerful and cooperative.

On Sunday, September 29, however, he suffered a stroke of paralysis, causing his death on October 3. The faculty and students of Bailey School sent a floral display.

The colored people of Middlesex will feel a distinct loss, and we will miss Lonnie here in the school.

SPORT ACTIVITIES INCREASE

Albert Lamm

Bailey High School is undertaking to make two new sports possible this year, the rick-rack and shuffle board.

These games are introduced for those who do not wish to join the regular sport games.

Mr. Rogers will be out to teach all those who wish to learn how to play the games and count the score. It is believed that all the girls and boys will be interested in these games.

There were so many boys out for basket ball this year, the coach had to turn down about twenty-five. Prospects are good for one of the best teams Bailey has ever had. The school has managed to get the girls ten new sweat suits and the boys ten new pants. This is expected to make every girl and boy play harder as the ones that get them will be able to see and play in every game.

Everyone who pays fifty cents for athletics fee, will be entitled to see all the games of the year.
