

# Principal Reporting

M. W. Weaver

Don't forget to go to the polls tomorrow, October 3, and cast your ballot in the School Bond election. School people around the State will greatly appreciate your vote for the bond issue. Nash County would receive several hundred thousand dollars in the proposed plan of distribution. Don't forget to vote tomorrow, Saturday, October 3.

### H. S. ENROLLMENT

High school enrollment is greater than it has ever been in Bailey. There are 206 enrolled at this writing, with the possibility of a few more coming in. We gained a teacher in the high school this year and evidence points to continued growth. High school attendance is much improved and should continue to be good. May we urge that students not be kept out of school except for work that cannot be done at another time or for sickness.

### ELEMENTARY ENROLLMENT

The enrollment situation in the elementary school is not as good as it was last year. At the end of the first month in the fall of 1952 there were 395 students in grades 1-8. This year at the end of the first month 383 had enrolled. That difference needs to be made up with more added. In order to meet the requirements for the number of teacher now allotted, the number of absences, except for sickness, must be held to 23 per day. That gives less than two per day for each

room. This situation can be practically taken care of at moving time. If the land owners will add families with more children than moved away when there are shifts, we will be helped considerably.

PARENTS, YOU CAN HELP US

## Staff Smallest Ever To Tackle Editing Job

Seven members of the junior and senior classes, assisted by four typists, are undertaking the publication of the school paper this year.

This is the smallest staff ever to undertake the editing of the Bugle.

Even though Principal Weaver has on numerous occasions pointed out that the Bugle brings more state and national recognition to Bailey High than any other school activity, the daily work required for the paper's publication demands more time, thought, and energy than most students are willing to exert, affirm the advisers.

with a problem at dismissal time. Be on the grounds and parked before the 3:15 bell and stay parked until the busses are gone. You can help us protect the students by following this plan.

HOME CONVENIENCE IS OUR FIRST THOUGHT. NOTHING IS TOO GOOD FOR OUR CUSTOMERS.
