

Aunt Urite-Uss

Her hair was long, and curly, and yellow, And still she didn't have a fellow. Her eyes were like the sky so blue, Yet all her dreams did not come true.

—L. S., '42.

Dear U Rite-uss: I like a boy who used to like me, but now, he likes another girl. I've done everything I know to take him away from her, but it's no use.

Dear Cast-a-side: Why don't you do a little casting yourself? There are plenty of nice males in GHS who would jump at a chance for you.

Dear U Rite-uss: What's been happening to Joyce Waters and Billy Ellis, and Marguerite Pennington and Donald Ward since they started to GHS?

Dear Wonderer: Just between you and me, I'm wondering too.

Dear Auntie: Please help me, if you can. The girl I like wears a State College bracelet, lets Bill S. wear her ring, and flirts with T. B. and R. D., and nearly all the boys except me.

Dear 'Man in Love': Your girl's situation is the kind that any girl would love to be in. Maybe you don't have the right line, or approach. Flatter her, be

indifferent, and don't be over-anxious to date her. There are other girls to have fun with. To sum it all up don't let her know she's tops.

Dear Aunt: What am I to do? I'm in love with Norma Barbee, and she won't even notice me.

Dear 'Weeper': The best advice I can offer is to act natural. Also, if you act indifferent, she will probably notice you.

Dear U Rite-uss: I am madly in love with a very handsome cheerleader who's pastime is flirting with other girls. Won't you please remedy the situation for me?

Dear 'Worried Freshman': You can never trust a boy that spends all of his time flirting. He probably has a string of lines and uses them on all the girls.

Dear U Rite-uss: I'm in love with two girls. One I have liked three years and still do, yet she flirts with other boys.

Dear 'Neder of Advice': Why drop anyone? Can't you have two girl friends? It never hurts to keep an extra one on hand.

P. S.—If your letters were not answered, remember there is always another issue.

Students Most Interested In Election, Defense, War

The coming national presidential election, national defense, and the present European War are the topics in the Materials Bureau which are of most use this year.

Due to this fact, more material on these topics is steadily being compiled.

The social science classes are still making more use of the bureau than any other class.

Ready for distribution from the Bureau are 17,873 clippings, 16,625 pictures, 186 posters, 1,110 over-sized pictures, 132 maps, 211 radio scripts, and three sets of victrola records.

Staff Purchases Camera

The Hi News has its first camera, which has been purchased to take pictures for the paper and to continue a picture history of the school.

The camera has a photo flash bulb attachment making possible indoor and night pictures and is equipped with a fast shutter and 4.5 lens.

Superintendent Ray Armstrong has made the purchase possible, as he has paid slightly over half of the cost.

The photography staff, Walter Hicks, Norris Sutton, and Bob Powell, plans to develop all pictures taken as soon as the necessary materials are acquired.

A recent survey of the religious status of the students in the Goldsboro schools by Mrs. Bradford's first period sociology class has revealed that the average number of Goldsboro youth who attend church is higher than the average for the State.

IT WAS SWELL

A travel questionnaire has revealed that six GHS students, Bob Powell, Grey Whitford, Betty Weil, and Mary Cleaves, George, and Henry Stenhouse have been about 2,000 miles from Goldsboro this past summer.

Bob Powell and Grey Whitford went to New Mexico with the Scouts, Betty Weil went to camp in New Mexico, and the Stenhouses spent the summer in and around Palmer Lake, Colorado.

Gene Albert reached the farthest point south at Galveston, Texas (900 miles) and New York (500 miles) was visited by many students.

North Carolina and her neighboring states, Virginia, Tennessee, South Carolina, Kentucky, and Alabama were well covered by GHS students.

Wendell L. Willkie, Mickey Rooney, Eleanor Holm, Buster Crabbe, Dinah Shore, Ken Murray, Alan Jones, and Xavier Cugat, were among the celebrities seen.

The frankest answer to the question, "What was the most fun you had?" were "putting on a Southern accent," "looking at good-looking girls," and "stealing watermelons."

Miss Sara Falkener's dramatics class is planning to go to Fayetteville on October 30 for a performance of the "Highland Call."

8 New Teachers Have Interesting History

(Continued From Page 1)

Ohio, she came to Raleigh to attend Meredith.

The new GHS band maestro, known to you as Mr. William C. Saddler, has been instructor of a high school junior band in Pennsylvania, assistant geology instructor at University of West Virginia, and was the supervisor of music in Rockingham County last year.

Miss Barrett, another protege of Meredith College taught four years in the grammar schools. She is at present very busy teaching the freshmen intricacies of political elections.

PATRIOTIC DUTY This is a time for clear thinking and clear acting, which should be reflected in a clear, young face. It is every girl's duty to herself, to her family, to her friends, and, in a large sense, to her country, to keep herself looking young, fresh, and unafraid.
