

37 GHS Students Taking DE & DO

DE

Twenty-two students are taking Distributive Education in Goldsboro High School this year. This begins the fourth year of Distributive Education in GHS; with seven different types of retail stores represented.

These students are regular part-time employees. They attend school the first three periods and the rest of the day is spent doing work which they are trained to do on the job. Before students may sign up for DE in the spring, they must be recommended by their homeroom teacher and interviewed by Miss Frances Bayne, Instructor for the course. This is not a program for someone to take in order to get out of school. It trains students interested in the distributive field and enables them to have a job after graduation.

Miss Bayne said that she will soon start adult classes in salesmanship in the various stores and the preemployment class for students desiring to work during the Christmas holidays.

This year's employers and employees are: Marjorie Allen, Thomas Office Supply; Paul Combs, A&P Super Market; Ethel Crumpler, S.H. Kress; Jackie Crumpler, W. T. Grant; Dorothy Davis, Charles; Betty Lee Fail, S.H. Kress; Annie Forehand, S.H. Kress; Lester Gordon, Red Front Shoe Shop; Margaret Grice, S.H. Kress; Eleanor Gurley, F. W. Woolworth; Hattie Ham, Ham Grocery; Josephine Herring, Charles; Annie Miller Howell, Officers' Club; Lois Jones, F. W. Woolworth; Eldridge Keen, Belk-Tyler; Marie Nelson, F. W. Woolworth; Urban Roberts, A&P Super Market; Mary Strickland, Efrid's; Walter Summerlin, F. W. Woolworth; M. J. Strickland, Belk-Tyler; Margaret Thomas, S. H. Kress; and Paul Williams, Williams Paint & Supply Co.

DO

Ten vocations are represented among the fifteen students taking Diversified Occupations in Goldsboro High School this year.

In order to take this course a student must come to school at least three periods a day, make passing grades, work at his job satisfactorily, take a period of D.O. and a period of related information to his D.O. program.

Two new vocations and three new courses are offered in D.O. this year. An electrician and a parts man represent the new vocations, and basic mathematics, (fractions to elementary trigonometry), electricity and fundamentals of machinery are the new courses offered.

Mr. J. E. Britt, teacher of D.O., stated that D.O. does three things for a student, first, enables one to test himself in the vocation he wishes to make his life career, second, one learns a job which he can go to full time upon graduation, and third, one gets actual experience working at some profession and can get help concerning problems that arises about his job at school.

The students taking D.O. and their employers are: Abubrey Aycock, W.G.B.R.; J. D. Best, Brown's Radio Service; Harold Brown, Jackson Refrigeration Service; Earl Davis, Worley Typewriter Exchange; Bobby Ellis, Signal Radio; Milton

SA Council Organization Is Completed

The student association council for the first semester are as follows: SA officers, Liddy Bet Myatt, president; Zeno Spence, vice president; Anne Stowe, recording secretary; Marilyn Handley, corresponding secretary; George Wilson, head cheerleader; Charles Britt, parliamentarian.

Class officers: Pete McDowell, senior president; Erskine Pope, senior vice president; Ruth Caudill, sophomore president; Leonard Fulghum, sophomore vice president. John Thompson, freshman president; Mary Ann Ward, freshman vice president.

Homeroom representatives: Anne Bradshaw (22); Fay Branch (11); Kitzi Bridgers (21); Jackie Crumpler (15); Earl Davis (6); Mary Lou Donnell (19); Polly Edgerton (1); Billy Ellis (17); Graham Jackson (1A); Susan Jenkins (20); Peggy Littleton (13); Betty Magill (16); Ester Parker (12); Donald Pike (3); Nance Potts (24); Frances Tew (10) and Mickey Wellons (14).

Miss Emma Lou Garner is student association adviser.

Circulation

Goldsboro Hi News has begun a new year's work with more than six hundred and fifty subscriptions paid in advance.

In a drive sponsored by the staff three hundred and twenty six subscriptions outside school, were sold. Through activity tickets and individual subscriptions 313 subscriptions were obtained.

GHS Swingsters Make Initial Appearance

Living up to their title, the GHS Swingsters made their initial appearance at the Teen-Age Club Halloween dance last Friday night.

The following compose the band: Zeno at the piano; Max Stith and Jack Hauser, trumpet; Henry Lee, clarinet; Herbert Howell, Donald King and D. J. Rose, sax and Donald Pike at the drums.

Futrelle, C. J. Best Service Station; Paul Garris, Hams Service Garage; Graham Justice, W.G.B.R.; Carol King, Kemp Specialty Furniture Co.; Darrell King, Live Wire Electric Company; Joe King, J. M. Edgerton; Harry Lane, News Argus; and Carl Rice, Elmore Radio Service.

Fashionable Fads

Greetin's gates! Drag out that old clothes horse and let's settle down for a bit of advice on the latest.

That very newest shade of lipstick, "pink lightning" (one of the fuschia shades), is really getting a big rush around GHS. It's very becoming, "Ducky," Margaret, and Anne S.

Among other current raves and craves of the GHS femmes—all shades of lavender are really 'reel—sweaters, skirts, and suits. Among the first in on this secret were "Tootsie" P. and Vivian G. They got theirs last year!

Green is right in there kicking this season, and you freshman gals should know what I mean! Peggy and Mazelle?

Even though it's a bit warm, "Connie" and Gatsy have already come out in boy's wooly plaid shirts—colorful and warm too!

Football sweaters seem to have some particular charm. Have a heart, girls; what's going to keep our grid heroes warm?

Speaking of sweaters, that cute little freshman gal, Carlotta Stanley, loves those big sloppy ones just as much as we do.

Black, that color of sophistication, has come into grace this winter among the teen-age crowd. Harriette T., among it's favorers, showed up last Sunday looking like the latest fashion plate out of Vogue! The things we girls can do when we try! (Well, maybe you didn't try hard enough!)

Say, where did all you girls find those saddle shoes? Jo Sears got hers in the boys department, but Betty Lou just won't tell. Black Market, girls?

Those silver hair clasps Biz and Huldah have been sporting sure are cute; everywhere I went they had just sold out!

Well, adios for now, all you wolverines and gremlins and other unclassified mammals! I've used all my space, but I'll be back in the next issue of the Hi News!

94% of Students Receive Chest X-Ray

More than ninety-four percent of the students took the Tuberculosis X-ray during a campaign sponsored by the seniors of Miss Ida Gordner's sociology class.

The members of the class held open forums in the homerooms and second period classes on the importance of taking the X-ray.

In order to find out how many students planned to take the X-ray, a questionnaire was circulated in each second period class. The students took the X-ray at the Health Center by homeroom groups during October 10-17. A fee of a dollar was paid before the student took the X-ray.

The sociology students undertook this project because: 1) they thought it necessary that every student take the TB X-ray; 2) they wanted GHS to have a part in making Wayne county 100%.

Typing Offered To Sophomores

Typing is offered this year, for the first time to sophomores. Students taking this course plan to take DE or DO on their Junior and Senior years.

In previous years, DE and DO students have found a need for typing in their work. This program enables the students to have typing before they are employed.

Sophomores participating in this program are: Doris Bradshaw, John Bradshaw, John Davis, Ashley Hopewell, Hellagarde Mazingo, Catherine Newsome, Linwood Player, Betty Lou Smith, Frances Wiggs, and John Riggs.

ALUMNI NOTES

GHS has surely been patriotic this year with all our boys visiting Uncle Sam. Oh! I almost forgot, we girls also have a member serving the colors.

Chosing the Navy are: Harold Fisher, Dan Hall, Marcus Jones, Oscar Lovelace, Bruce Parrish, James Renn, Robert Sullivan, Van Willis and Ray York. I wonder if they have a girl in every port?

Does anyone know what the Merchant Marine Corps has? This question can be answered by Ed Best, Bobby Evans, Tommy Mercer, Talbot Selby, Ebby West, and Jimmy Daniels.

These new fall suits styled in khakie seem to be the latest fashion with Ben Sauls, Ben Wellons and Bill Wellons.

Girls, the line forms to the right to see Michaux Farfour and Jack Klutz in those handsome Air Corp Uniforms.

Mac Lewis wanted to be original, so he joined the Coast Guard.

Last but not least, there is Ora Savage, who has joined the Cadet Nurse Corp.
