Student Nurses From Goldsboro Hospital Receive Course In Chemistry At GHS

Nine Student Nurses of the Goldsboro Hospital have been taking a course in Chemistry with Mr. R. N. Jeffrey, GHS Science teacher, since November 8

Previously there were ten students but one yielded to domestic life recently and got married. The students this term are taking Anatomy, Chemistry, Microbiology, Sociology, Psychology, History of Nursing and Nursing Arts. During the second term, which begins February 8, they will take courses in Anatomy, Chemistry, Community Health, Nutrition, Diet Therapy, and Nursing Arts. All courses except Chemistry are taught by the hospital staff.

The instructors all have BS Degrees in Nursing. They are Miss Annie Lou Davis, Miss Audry Matthews, supt. of nurses; and Mrs. Evelyn Maure.

The girls are early risers. Their day begins at 7:00 a.m. They have devotionals at 7:25 and breakfast at 7:30. The future nurses' first class starts at 8:00 and the last class ends at three o'clock with an hour for lunch. The students have the afternoons and week-ends free but have a study period at night from 8 'til 10.

The girls come over to GHS Monday afternoon at 11:45 and they have a great chance to "average" their average. If you're not interested in doing you can play games and perhaps you can just sit down and talk.

Some of us are out for a lot of fun, regardless of whom you crush; and we miss the real fun in being superficial.

istry class. The nurses-to-be seem to enjoy their Chemistry class. They industriously take notes about equations and ions.

The pre-cadet period in nursing is 9 months, Jr.-cadet 21 months, and then comes the privilege of being a Sr.-cadet for 6 months.

The students are not working in the halls yet but will be soon. It is believed that this will relieve the nurse shortage.

The hospital plans to take in an additional group of girls in June if possible.

The students are: Viola Batten, Princeton High School, Princeton; Mary Helen Best, Brodgen High School, Mount Olive; Ollie Jordan, Nahunta High School, Route 2, Pikeville; Ernestine Massey, Princeton High School, Princeton; Molly Odell, Altamahaw, Ossige High School, Burlington; Frances Preddy, Wilton High School, Franklinton; Mildred Smith, Nahunta High School, La Grange; Ruth Sutton, New Hope School, La Grange; Edith Talley, Reidsville High School, Reidsville.

Dramatics Commended

Miss Palucas, Field Secretary of the North Carolina Education Association, in preparation for an interview which appeared in the *Education Magazine*, acclaimed Room 16 the ideal Dramatics classroom in North Carolina, when she visited the department on January 11. She commended the department for showing the initiative to create a new type of classroom, with excellent color scheme, and an attractive bulletin board display.

B & G Committee at Work

The tables in the Girls' Powder rooms have been repaired and re-decorated by the Building and Grounds Committee. The skirts for the tables were cleaned and made-over, oilcloth was purchased and tacked on. The repair work was done by Mr. Earl Pearson's manual trades classes.

The Building and Grounds Committee sponsored a fire drill in GHS January 18. Students cleared the building in 3 minutes. Members of this committee helped to check the building to see if instructions were followed.

PLATTER CHATTER

Everyone's "Accentuating the positive" and although it's a new tune ye hep cats and jitterbugs seem to be eating it up. And while we're on the subject of "double-talk," "Rum and Coca-Cola" by the Andrew Sisters just sizzles (if you'll listen closely to the words, you might be suprised). Dick Haymes has all the girls swooning with his rendition of "The Very Thought of You" (the very thought of him is enough to make any girl feel like swooning).

To all those guys and gals who have eyes for no one else, we dedicate "Let's Take the Long Way Home" (we mean: Rae and Barney; "Zuby and Frank; "Cat" and Tommy; Betty Lou and Bill). Smooth is the only word for Kay Kyser's arrangement of "I'm in the Middle of Nowhere" and Georgia Carroll's version of "You make me Dream Too Much" does just that to sooooo many people.

Bing and the Andrew sisters are right on the beam as usual with "Don't Fence Me In" and darn it, girls, that seems to be Jimmie Webb's theme song.

Yep, "I'm Beginning To See The Light" so I'll just toddle along, bye for now.
