## Varsity Club Urges Pupils Obey Rules

### New Clocks Purchased For School

Eight new clocks have been recently purchased for the school by Superintendent Ray Armstrong.

Also a new master clock for the office is being installed.

The old clocks have not been working for some time. The master clock in the principal's office has been there since 1927, when the school was built. It runs by battery. The new master clock runs by electricity and has a spring which keeps it running when the current is off.

The small clocks will cut off when the current is off but catch up later when the current comes on.

It has been decided that a part of the small clocks will be installed in the following rooms: library, auditorium, cafeteria, work shop, and typing room.

At present it is undecided where the other clocks will go.

### Happy Bill Cope Delights Pupils In Recent Show

G. H. S. Students were entertained by "Happy Bill" Cope, a talented musician, recently.

He played first on the accordion and the student body joined with him in singing "You Call Everybody Darling".

Students sang other popular songs and he played some of his own arrangements. He sang a very interesting composition which was called "Molotov Polka" and then played other marches which he also composed.

Also he played on the banjo. He played and sang a very interesting ballad that he called "Piedmont Grand Opera". He gave some very interesting impersonations which he used in his songs and between "acts".

Principal C. W. Twiford asked him to play "You Are My Sunshine" and the students joined in singing.

He then moved to the piano where he was equally talented. Here he imitated a young music scholar. He concluded his program with some real "boogie woogie".

### FHA Will Have Dance Saturday

Members of the Future Homemakers of America Club of GHS will hold an appreciation dance January 22th at the William Street School. This is to be given in honor of the departments who contributed towards the success of the recent District II Rally held in this school.

All members of departments who had an active part in the work of the rally have received invitations to the party.

Refreshments will be made by the third year Home Ec. Students.

### Homeroom Has Two Auctions

Miss Ina Mixon's homeroom has held two auctions in recent weeks.

Bill Wooten and Jimmy McDaniel were the auctioneers.

A total of \$6.41 was received from the first sale and given to the empty stocking fund at Christmas, and from the second sale a total of \$2.32 was realized for the class' treasury.

Members of the cast of "The Willow and I" are (left to right): Peggy Ann Britt, Ruth Forehand, Lucille Williams, Ashton Griffin, Kenneth Ailer, Jimmy Ellis, David John Smith, Eddie Mitchell, and Karl Albert. Judy Adams and Peggy Hawkins were absent when the picture was taken.

## The Junior Class Plans Play, "Willow And I" Soon

The Junior Class will present "The Willow and I" under the direction of Miss Sarah Alexander, February 11 and 12, in the Goldsboro High School auditorium.

This play will also mark the sixth anniversary of the Goldmasquers.

The cast will include, Judy Adams as Marsha Sutro, Lucille Williams as Bessie Sutro, Skippy Allen as Theodore Sutro, Peggy Ann Britt as Aunt Millie, Ashton Griffin as Robin Todd and Kirkland Todd, David John Smith as Duke Todd; Karl Albert as Dr. Truber, Eddie Mitchell as Dr. Oliver, Ruth Forehand as Mabel, Peggy Hawkins as Tinny, and Jimmy Ellis as Bailey.

"The Willow and I" is a story of the South in the early 1900's. Marsha Sutro, oldest daughter of Theodore Sutro, meets and falls in love with Robin Todd, a young doctor who comes to the town to begin his practice. Bessie, the younger sister, also loves Robin, and claims she won't live without him and on Marsha's and Robin's wedding day, attempts to kill herself. The shot startles Marsha into 40 years of silence. Another shock brings Marsha's mind back and the play to a surprising climax.

### Essay Topic Is Assigned Pupils

"The Responsibility of the United States in World Affairs" is the topic on which essays will be written by all G. H. S. students.

English students will compete for first place in this contest.

Work began on January 17th. At the end of the given time to be announced eliminations will be held among the separate classes to select finalists.

From class finalists the winner will be chosen to represent Goldsboro High School.

### Dancers Mata, Hari Seen At GHS

The comedy Dance team, Mata and Hari, was presented as the second of the Community Concert series in the Goldsboro High School auditorium a few days ago.

They were European artists before coming to America to appear in Broadway productions. This was the first concert of this kind to be presented in the Community Concert series in Goldsboro.

Their program included: "The Hindu Fahir Show," "Guest Night at La Tropicana," "Penny Arcade," "Pas De Deux," "In the Circus," "Sports News Reel," "Modern Art," "Can't Get Ripe on the Vine Blues," and "Carnegie Hall."

The concert was attended by a packed house.

## High School's Need For Gymnasium Noted

Members of the Goldsboro Lions Club have interested themselves in trying to secure a gymnasium for Goldsboro High School.

At a recent meeting the club discussed the handicap of the school for lack of a gymnasium, and the appointed a committee to see what are the prospects for such a building to serve the need of the large and growing student body.

The club was interested in learning if such a building could be erected from the money secured from a bond issue voted many months ago.

In addition to the efforts of the

### First Talent Show Planned

G. H. S.'s first talent show this year will be held in the near future.

The local chapter of The National Honor Society will sponsor the talent show to get funds to send the official delegates to the State National Honor Society meeting at Lenoir in the spring.

Last year the National Honor Society sponsored a talent show which was a great success.

### Ann Johnson Is Class Historian

Ann Johnson has been named historian of the Sophomore class to serve until members of the class graduate in 1951.

She won out over a field of five candidates. Others in the running were Bill Wooten, June Handley, Callie McArthur and Carolyn Malpass.

Lions Club the News-Argus recently carried an editorial on the needs for a gymnasium, and the paper stated that some of the smaller schools in this area have put forth the effort to secure gymnasiums and expressed the hope that something could be done to relieve the situation in Goldsboro.

At present the high school has to use the William Street gymnasium, which is considered inadequate to meet the needs of this school; and even if it were big enough, it is pointed out it is located too far off the grounds of the high school to be of real service.

### Club Takes Initiative In Molding Conduct

Boys of the Goldsboro High School student body, paced by the members of the Varsity Club, have adopted a new and unique system — certainly so far as the local school is concerned, for the improvement of conduct of boys in the school.

Although conduct in general is included in the plans of members of the Varsity Club, smoking and ungentlemanly language, were the two things that came in for special stress.

After other systems of handling the smoking and bad language problems had proved rather ineffective, the Varsity members decided to take the initiative; so last week they called a meeting of the boys of the school, and Cotton Klutz, president of the Varsity Club, led a discussion of the various infractions of rules which reflect on the student body.

Following the full discussion of the various problems — with smoking and the use of improper language being stressed as the most serious — President Klutz announced that the members of the Varsity Club had decided to expel any of its members caught in violation of the rules stressed, and that members of the Club would use their influence to see that other members of the student body stopped the two most offensive of the rather prevalent habits among students.

Members of the Club agreed that in addition to the expulsion of members, they would go beyond their own members and notify the individual personally when he is first found in violation of the rules against smoking or using improper language in the building or on the grounds; for the second offense they will take the boy before the Varsity Club and talk with him there in order to try and get his co-operation in the matter of keeping the rules and upholding the high standards of the school; for the third offense the fellow found breaking these rules will be taken to the principal by the Varsity members.

Beyond these measures the club will use what influence it can to better conditions; and Klutz stated that he hoped the situation would improve and that smoking and the use of objectionable language would be stopped without any student's having to be taken to the principal's office.

In addition to the action by the Varsity Club, non members expressed their approval of the idea, and Bill Wooten, a sophomore football player but not a member of the Club, gave an outstanding speech on student co-operation with students and faculty for the betterment of student life. Although the students — all boys of the Student Association — did not take a formal vote on going along with the Varsity Club, the consensus of the meeting was that the desire for co-operation was practically 100 per cent.

The Varsity Club is made up of members of the athletic teams and manager who receive invitations to become members, and membership in the Club is considered a distinct honor among the boys of the school. The Club has 37 odd members, and in addition to its authority to expel its own members, it can
