

## Support Hi News Shop

Students have been asked to support the "Hi News" many times, but has the "Hi News" shop even had the complete backing of the G. H. S. students?

The "Hi News" shop is located across from Miss Carolyn Langston's room on the second floor. It opens about 8:30 every morning and closes at five minutes until nine. This gives the students time enough to buy all the supplies before school starts, and it is very convenient for those who run out of school supplies at the last minute. The "Hi News" shop is for the conveniences of all students and teachers, and needs the support of all.

Remember to buy all school supplies from the "Hi News" shop.

## New Plan Works

At a recent assembly of all boys in G. H. S. the conduct of the boys was discussed.

This assembly, called and led by members of the Varsity Club, emphasized smoking and ungentlemanly language. It was decided by the boys to put a permanent stop to the bad conduct, including smoking and vulgar language.

The effects of the assembly can already be observed. It has not been necessary for a single person to be brought before the Varsity Club or principal for any of the previously mentioned misdemeanors.

We believe the students are showing a fine attitude and are co-operating to the fullest extent to make the standards of our school even higher. A good job is being done by the student body and the Varsity Club

## You Are A Model

Have you ever stopped to think that to someone you're an ideal?

To someone you may not even know, you're a symbol, a symbol of what they're growing up to be. It may be a younger brother or sister, an under classman or maybe just a child in the neighborhood.

Just think when you do the things you do every day whether they're good or bad, that somebody may copy you later. Think of the people you look up to and how you try to be like they are. You don't want someone to stray off on the wrong path just because of you—

So remember — someone's watching you Are you worth watching?

## Goldsboro Hi News

Published eight times a year by the journalism class of Goldsboro High School, Goldsboro, N. C., Members of the International Quill and Scroll Society and Columbia Scholastic Press Association.

Wednesday, February 16, 1949

Entered as second-class matter October 26, 1931, at the postoffice at Goldsboro, N. C., under the act of March 3, 1879.

## Brotherhood

What is brotherhood?

Brotherhood is giving to others the rights and respect that we want for ourselves. This definition rests squarely on the basic principles of religion and is the practical expression of religion in democratic life.

Respect for all people should be an essential part of our teachings from earliest childhood. Therefore, we must make certain that our children will believe in equality and brotherhood if we want them to practice it.

The spiritual concept of brotherhood, "Thou shalt love thy neighbor as thyself," is the potential unifying force of our war-shattered world. If people did love their neighbors as themselves, we would not have war, murder, robbery, and numerous other crimes.

Our American democracy is based on this great religious teaching. The forefathers of this country proclaimed that "all men are created equal, that they are endowed by their Creator with certain unalienable Rights . . ." We are born with these rights. No one can give them to us or take them away. No person should be denied them.

Brotherhood, moreover, is a personal thing. It is a matter of relationship between people. It involves our attitudes, what we think and feel about others, as well as our actions. If we are to be religious and true to American ideals, we must practice brotherhood; we must give to others the rights and respect we want for ourselves.

## College Work Is Hard

Did you have the pleasure of talking to any of the college students while they were home? I talked to some of them and they gave me a very important message to all high school students, especially the seniors.

Most of the students in G. H. S. are always complaining of how much work they have to do, but if they could have heard these students, they would be very thankful for the very lenient schedule in G.H.S. Not a single one that I talked to said that they were having an easy time. They are having to study until the wee hours of the morning and still all of them are not passing.

Don't wait until the last minute to do all your work: start now while you are Freshmen for this is where your record starts. If you wait until you are a senior to start doing your studying it is likely to be too late. When you try to get in college and your grades don't quite make it, you then realize what a fool you've been. You can always see your mistakes after it is too late and unfortunately, life is not arranged so that you can go back and undo your past, so take it from a forborn senior who has learned the hard way, and start now to do your best each day, not wait until it's too late.

## Time Is Valuable

TIME—all the days there have been and ever will be; the past, present, and future—most valuable possession of man.

Perhaps you look back into the past and realize how much time has slipped from your grasp, which you will never realize any benefit from. The past fades into the present and future. Every second, minute, and hour of the present and future hold something in store for you.

You may not find any value in the days now or to come if you waste your time and do not make the most of it.

"Time waits for no man," and we believe as Benjamin Franklin: "Do not squander time, for that is the stuff life is made of.

## Are You Satisfied!

Are you satisfied with your grades? Now that report cards have come out have you decided to forget your parents signature or carry them home?

Later on in life you will regret the fact that you loafed through High School for your grades may depend on whether or not you attend college.

So take a little advice from us and get to work these next two quarters and bring up those low grades.

# We Honor

Carolyn Loftin

Our girl honoree for this issue is the "Goshisca" editor, Carolyn Loftin.

Carolyn was born here in Goldsboro on September 10, 1931

She has been in many activities while in Goldsboro High school and has held many responsible posts. During her freshman year she was on the War Activities Board; her sophomore year, she served on the Community Service Committee. While she was a junior, she was on the Building, Grounds and Hall Committee and was chairman of the same committee that year.

While Carolyn has been in high school she's missed the honor role only one time Nice going, Carolyn.

This year she is Assistant Chief Marshall and is also in the National Honor Society. She's worked with the Goldmasquer's on "First Lady," "The Land Is Bright," "Life With Father," "Nothing But the Truth," "Brief Candle" and numerous other productions.

Guess what her favorite foods are! Well, she's not particular—in fact, she says she eats most anything put before her. She does kinda have a weakness for fried chicken though.

Her favorite movie stars are Dana Andrews and Jane Wyman and her favorite song is "So Tired." Her pet peeve is—grouchy people.

Carolyn hasn't decided on what college to attend but we are sure she'll make good in anything she does.

Bill Elliott

William Henry Elliott, III, is the boy "We Honor" for this month.

Bill was born on April 31, 1930, at Norfolk, Virginia. He moved to Goldsboro in 1936.

In his first year at G. H. S. he went out for Junior football. During his second year he went to Staunton Military Academy. The next year he came back and entered the 11th grade.

During his Junior year he was elected Senior class president. He is a Goldmasquer and played in the Goldmasquers New York production, "First Lady." He is also a radio control operator in radio broadcasting.

There are none better says Bill, than Lana Turner and Gregory Peck. He liked "Green Dolphin Street" a lot too.

His favorite dessert is apple pie a la mode. Bill plans to go to the University of North Carolina where he will study medicine.

## Valentine Day Recalls Youth

When I think of Valentine's Day I remember how we used to celebrate it back in the first, second and third grades.

For weeks before time all we would talk about would be Valentines. As the time approached, we decorated a box with crepe paper, made a slit in the top, and this was known as our official "Valentine Box".

When the great day arrived the teacher let us take time off to make Valentines. They were odd looking things but they satisfied us. Then we put all our Valentines in the box.

Later on the teacher took the Valentines out of the box and called out the names of the pupils they were to go to. Then she passed out some candy and we had a little party.

Can you remember those days? Fun, wasn't it?

## Joy Notes

Thanks To:

1. The N. H. S. for sponsoring the talent show to raise money for the County Home project.

2. The S. A. council for the very fine job they have done the first semester.

3. Miss Elizabeth Grant, the social committee, and the others who helped to make the S. A. Council party a success.

4. The Visual Education committee for bringing the students movies during lunch period.

5. The boys who gave their time after school to paint several rooms at the County Home.

G.H.S. were all out for Defense Efforts.

These are just a few of the happenings seven years ago. Can you remember some of them? Watch in the next Hi News for happenings six years ago.

## 7 Years Ago

By Jerry Worrell

Seven Years Ago

Hilda Bell and Bob Kemp were elected as the most representative Boy and Girl in G. H. S.

Billy Charlton, James Crow, Bob Kemp, Helen Denning, Gertrude Edgerton, Effie Ruth Maxwell, and Ruth Weil were tapped into the National Honor Society.

The Junior Class gave the Seniors a Junior-Senior.

Ben Ward, Peggy Pate, Prince Nufer, and Ralph Casey were the main force on Mr. Charles Stapleton's swimming team.

The building that is now used as the Band House was just completed as a museum for G.H.S.

The Senior's of '42 left a fund to buy a piano as their class gift.

The basketball team won the Northeastern Conference Championship. Those on the squad, were: Marvin Caswell, Earl Moore, Donnell Garris, Arnold Smith, Manager, Paul Garris, Billy Wynn, Billy Simmons, Tommy Hodges, Billy Ellis, Skinny Ellis, Bob Warren, Donald Ward, Clyde King, Bobby Evans, and Sam White.

In the year of 1942 Coach Norris Jeffrey left G.H.S. to work for the Carolina Aluminum Company.

In this year all the classes of
