

Quakes Take Two Baseball

The Goldsboro High school basketball Quakes scored the second win in two outings Tuesday afternoon, March 29, when three members of the Quake mound staff teamed up to toss a no-hitter at the visiting Clinton Dark Horses, to beat them 9-0. The game was staged in the Goldsboro Municipal Stadium.

After being held to only one hit in the first five innings, the Quakes broke loose in the sixth frame to tally eight runs, on six

hits and two bases on balls. Gene Summerlin and Ed Vinson got the big hits during the Quake rally, both doubles.

Gene Summerlin started on them to show, mind you, but gave in to William Bell in the fifth. Bell lasted for three innings before Coach Tony Blyask sent in Donald Percise to hurl the final two frames.

The no-hitter was saved for the Quakes by some brilliant play of Reserved Shortstop David Johnson in the ninth inning. The first batter up, Peter Winfree for the visitors, hit one off the handle of his bat and the ball appeared to be one of the kind that falls in just between the infield and the outfield for safeties, but Johnson took the ball on the dead run over his shoulder to make one of the prettiest catches seen all season long.

Hither And Thither

The New York High School had as guests, 34 students from foreign nations. A boy and a girl from every overseas land that is taking part in E. R. P. came to America at the beginning of the year and stayed until March. The trip was awarded for prize-winning essays in English on "The Kind of World I Want."

The Greenville High girls that attended the Columbia Scholastic Convention in New York (the same that GHS attended) outdid our girls in one respect at least—they went to Billy Rose's night club "Diamond Horseshoe."

Yo-yos seem to be the latest fad at Fayetteville Senior Hi. Students are trying to out-do one another's performances with the before mentioned string and spool.

Prof: Have I ever told this joke before?

Chorus: Yes.
Prof.: Then perhaps you will understand it this time.

It was in a restaurant they met Romeo and Juliet
He had no cash to pay the debt
So Romeo'd Juliet.

Marriage is an institution.

People marry for love.

Love is blind.

Therefore marriage is an institution for the blind.

The reason the average girl would rather have beauty than brains is because the average man can see better than he can think.

Homework Can Get You

There comes a time in everyone's high school career when it seems that he'll never be able to complete his homework assignments for a certain night. Five subjects a day and usually homework from at least three of these.

On some nights we only have something to review or look over, or maybe just a little written work. But the other nights are the real trouble makers. First off we start with our easiest lesson or the one we think we could finish first. After sweating that out, we begin on the next and finally the last thing comes up. This is usual-
