Westminster Choir Appears In Goldsboro November 16

The famed Westminster Choir will appear here on November 16, 1949 at Goldsboro High School. This year marks the 28th season this concert group of forty voices has been before the concert public.

The Westminster Choir was first organized to serve as the volunteer choir of the Westminster Presbyterian Church of Dayton, Ohio. Though the choir retains the name it had in its affiliation with this church, it is no longer a church choir but the touring concert unit of Westminster Choir College in Princeton, New Jersey. John Finley Williamson, founder and president of the Westminster choir.

In contrast to the present highly trained personnel of the group selected from the college student body of four hundred, the members of the first choir were business men and women and housewives who devoted their leisure hours to singing under the in-

spiring direction of Mr. Williamson, then minister of music at the Westminster Church.

So exacting was the singing of this volunteer group that its fame spread, and people began visiting Dayton to hear it. Called upon to sing at an increasing number of meetings and gatherings, it was placed under the direction of a concert manager, and in 1921 undertook its first tour.

Since this initial tour, the Westminster has sung throughout the United States, Cuba and Canada, made European tours in 1929 and 1934 which included England, Scotland and thirteen countries on the continent and Russia.

Celebrated for the catholicity of its programs, the choir presents a repertory ranging from early Italian masters to contemporary composers. Of great popular appeal is its singing of American Folk Songs.
