Students Examine Merci Train Here

G. H. S. students had the privi-
lege of witnessing the playing merci train
here. The trailer was filled with a selec-
tion of European goods and a French railway box car sent to
France. The car was one of the 48 of the 50 present at Paris; France sent one box car for each
state in the United States.

Contained in each of the cars were
gifts from French citizens of all types and classes. There
were perfumes, silk dyes, oil paintings, a wedding dress, toys, and other items.

The merci train was sent to the United States in apprecia-
tion of the use of the American railroad to send the train to France. France returned the favor in a
fashion known as "Friendship Train."

Senior Class Play is Set for February 25, 27

For the third production of the season the Senior Class and the
Goldmasquerers will present Norman Krasna's famous Broadway hit, "John Loves Mary." Saturday and Monday evenings, February
25 and 27, with curtain time at 8:30 o'clock.

This will be the first time Krasna's play ever has been at-
tempted by a local group although his popular success,
"Dear Ruth," was presented here four years ago by a New York
Stock Company. "John Loves Mary" is "The Professor," the sequel to the hit, which was such brilliant success it was decided to bring another famous comedy to the school patrons for the annual senior play and the
Goldmasquerers birthday show.

Story Outline

"The Professor," with John Lowery (played by Ashon Griffin) who has been overseas for three years, returns welcomed home by the charming Mary McAlister (played by Jean Wil-
ilian). Two of these are and have been equally in love with one another. John's life has been saved by a French girl, but is he going to leave her for Mary's love? The girl (played by Jean Wil-
ilian) has no idea what to do so she follows the boy back home. John's life has been saved by a French girl.
